

Blood Connects Us All

18 June 2025

Top Form Group is continuing our annual tradition to organize blood drive for our employees to support public health through blood donation during the week of World Blood Donor Day.

With the theme “Blood Connects Us All”, our offices and facilities hosted blood drives with local hospitals and NGOs to ease the concerning risk to the public healthcare systems due to blood shortages. We are extremely proud to have more than 1,000 successful donors, including 230 first-time donors.

Our deepest gratitude to each one of us who participated in the campaign. It is always our mission to contribute positively to our surrounding community.
