

Cultivating Tomorrow's Leaders: Our STEM Internship Journey

29 August 2025

This summer, we welcomed a group of STEM interns from The Chinese University of Hong Kong (CUHK), Hong Kong University of Science and Technology (HKUST) and Hong Kong Polytechnic University (PolyU) as part of our mission to accelerate digital transformation through #Data, #Business Intelligence and #AI.

From architecting data pipelines to crafting user-friendly dashboards, these bright minds not only completed tasks, but also reimagined possibilities. Their work has left us a lasting mark on our digital landscape.

Together, let's shape the future of fashion!
