

Top Form Support the Growth of Young People

8 July 2024

This summer, Top Form has supported The Diocesan Girls' School Annual Job-Shadowing Programme, by offering student real work experience.

During the job-shadowing sessions, the student was given the opportunities to learn and to deliver digital product creation. The student was also introduced the importance of communications and teamwork by attending and observing cross-functional meetings.

This Job-Shadowing Programme is an invaluable experience for Top Form and the student.

Thank you to our cheerful team for supporting this meaningful programme.
