

Grand Gain Industrial opens foam cup production into Sri Lanka, a major manufacturing hub for intimate apparel; bringing important supply chain solution to our partner customers in the country

16 January 2023

16 January, 2023 - Grand Gain Industrial Limited (“Grand Gain”), an innovative foam cup producer and a subsidiary of Top Form Group, celebrated the Grand Opening of its new facility in Sri Lanka on 11 January 2023. The Grand Opening of the new location marks an important step for Grand Gain by further extending its service from Greater China to Sri Lanka, one of the major destinations of Grand Gain’s shipments.

Located in Rambukkana of Sri Lanka, the new facility houses Grand Gain’s end-to-end foam cup operation, from product design and development, customer service, to bulk production, occupying total floor area of 70,000 square feet (6,500 square meter) with the expected total workforce of 500, and a capacity of 1.5 million pairs of foam cup per month, expanding total capacity of Grand Gain to 4 million pairs per month.

The development of Grand Gain reinforces Top Form Group’s strategy of being an important supply chain solution partner in the intimate apparel industry by leveraging on the Group’s wide network, long heritage and knowhow, and innovation-driven culture in the service of the Group’s partner customers and communities.
