

Largest Turnout For Top Form Group's Blood Donation Campaign 2024

14 June 2024

14 June, 2024 – In collaboration with local blood banks, we are thrilled to have successfully completed this year's Blood Donation Campaign. The collaboration strengthens our ties with the community and reinforces our commitment to societal welfare. It is also a great opportunity for our employees to rally together for the World Blood Donor Day, fostering a sense of community and teamwork.

This year, we are extremely proud of having 900 successful blood donations, including nearly 400 first-time donors, which is the highest number of successful blood donations recorded in our group.

Our deepest gratitude to each one of us who participated in the campaign, a big congratulations to everyone, and we also want to give a special recognition to Supon Wongwut from our Thailand HR Team, who has received an award issued by Her Royal Highness Princess Bajrakitiyabha Narendira Debyavati of Thailand for completing 36 blood donations in his lifetime. His commitment to making a difference is commendable and Top Form is proud of his heroic achievement!
