

United in Red Joined to Save Lives

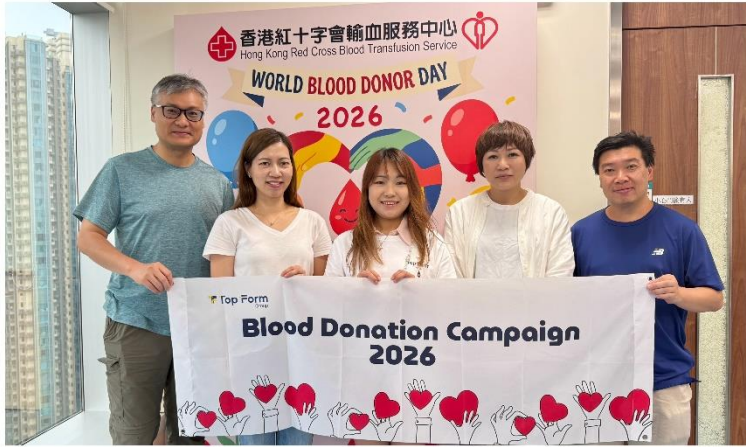

16 June 2026

In support of World Blood Donor Day, Top Form Group continues to advance its commitment to community well-being through the launch of its annual Blood Donation Campaign across all offices and facilities.

Under this year's theme, **“United in Red  Joined to Save Lives”**, colleagues from different regions come together with one shared purpose – to give back and support our communities through contributing to public healthcare systems.

Every drop counts. Every act of giving makes a difference. We would like to express our sincere appreciation to all participants across the regions, as well as the local teams who made this campaign successful.
