CHAIRMAN'S STATEMENT

Dear Shareholders,

It is not an exaggeration to say since the founding of Top Form over fifty years ago, this has been the most dramatic year that we have witnessed since our formation.

The Group started the twelve months in review by managing the disruption brought on by the Sino-US trade war with the continuing shift of our global capacity from China to our plants in South East Asia. In the first six months of the past fiscal year, the Group executed on our plan, and we serviced our customers well against many disruptions to record a modest growth for our first half.

Yet, no one could have predicted the giant upheaval a health crisis would develop into a full-blown global pandemic, which by March, led to the devastation of the global supply chain and the sudden and violent cessation of economic activities around the world. In view of this, the Group took swift actions to accommodate customers' changing needs while complying to the prevention regulations imposed by local governments of our manufacturing countries, which significantly boosted the operating costs.

During the onset of the COVID-19 pandemic, Top Form took immediate and drastic steps to manage the crisis with the aim of protecting the health of the company and our workforce while being mindful of the longer-term strategic implications of our actions, these included, making work-from-home arrangements for our central functions in Hong Kong and Shenzhen, providing personal protective equipment to all employees, suspending all non-essential projects and expenditures to preserve cash, streamlining operations and headcount, and instituting salary cut on all associates that are managerial grade and above.

These were painful yet necessary actions at the time, and because of the hard work and cooperation of all of our associates, and the unwavering support of our partners, Top Form has been able to work through the worst of this crisis while maintaining strength for what is expected to be very challenging months ahead.

While Top Form's sales performance in fiscal year 2020 remains at the same level as last year, driven mainly by the execution of our key strategic initiatives, including the commencement of seamless product manufacturing in Thailand and ongoing efforts in expanding manufacturing capacity and footprints in South East Asia, yet, given the resurgence of COVID-19 cases around the world, we are wary of the gloomy business outlook and the disruptive operating environment we expect to see for the upcoming fiscal year.

In the early months of the pandemic, Top Form has made some fundamental changes to our operation that will continue as we recalibrate our business to stay flexible, resilient, and strong while being innovative, forward-looking, and adaptive to succeed in what we believe would be a transformative time in the global economy. As we embrace the changes ahead, I am confident that the Group will thrive as we stay focused on implementing our key strategic initiatives while staying disciplined in controlling our costs and protecting our strong balance sheet.

As Top Form goes through this dramatic part of our journey, I would like to thank the board of directors (the "Board") for providing the management their confidence and advice during some very troubling times over the past months, and to our partners for their faith and commitment to Top Form as we face these unprecedented times together.

Finally, the pandemic has revealed the tremendous character of everyone at Top Form, and I want to take this opportunity to express my deep appreciation to all the workers and associates for the hard work and sacrifice they have made through out this year to sustain and strengthen our organisation during these extraordinary times.

Wong Chung Chong

Chairman

15 September 2020

MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS REVIEW

Fiscal 2020 will be marked as a year of extreme challenges and change.

At the start of this financial year, Top Form accelerated our planned shift of capacity out of China and into South East Asia as the Sino-US trade war escalated and tariffs were levied on our products. While the import tariff and the associated costs of moving capacity out of China eroded our margins, we achieved a modest growth in the first half through servicing our customers and adding sales through our non-U.S. markets.

Some traces of relief came on January 15th, 2020, with the signing of "Phase 1" of the Sino-US trade deal when the additional import tariff was halved from the original 15% to 7.5% for our brassiere products. Yet, this relief proved to be ephemeral, as the world was quickly thrown into unprecedented chaos by the outbreak of COVID-19. Countries around the world began implementing stringent measures to contain the spread of the Coronavirus and virtually suspended all daily activities, including shopping, dining, traveling, and almost all forms of gathering, leading to the most severe contraction of the global economy in recent memory.

The pandemic has greatly impacted the Group during the second half of the fiscal year as we faced not only escalating costs to cope with the supply chain disruptions, factory shutdowns, and additional measures to protect all of our workers and their families, but followed by a significant drop in customer demand when major economies such as United States and Europe initiated complete lockdowns. Closer to home, the pandemic has also impacted our operations by disrupting much of the planned ramp up of our new seamless plant and our Myanmar plant as workers, engineers and technicians were prohibited from traveling to and within these sites for operation, set up and support.

During the year, in monetary terms, 74% of our sales were to the U.S. market whilst the sales to the EU represented 17% and the rest of the world accounted for 9%. From the supply side, the overseas manufacturing facilities in Southeast Asia accounted for 78% of the global production output whilst China accounted for the remaining 22% during the year. In view of the geopolitical tension and the increased labour cost in China, the Group has accelerated the shifting of capacity from China to Southeast Asian countries in the last two years. The production output from China facilities was reduced from 35% of global production output in fiscal 2018 to 22% in fiscal 2020. We expect the China capacity to remain at similar level in the future.

FINANCIAL REVIEW

Revenue

For the year ended 30 June 2020, the revenue of the Group increased by 1% to HK\$1,237 million from HK\$1,225 million of sales in fiscal 2019. This was due to a favorable product mix and contribution from new customers on boarded during the year as compared with that of fiscal 2019.

Gross Profit

Gross profit decreased from HK\$198.1 million to HK\$180.3 million during the year with gross profit margin decreased from 16% to 15%. The decrease in gross profit was mainly due to the Sino-US trade war and the outbreak of COVID-19 pandemic where the Group has incurred additional tariff and operating costs to cope with the supply chain disruption and meeting customer demand. Additionally, the ramp up of the new seamless and Myanmar factories were behind schedule which also contributed to the lower gross profit.

Selling and Distribution Expenses

Selling and distribution expenses primarily comprised of freight and transportation costs, employee benefits of sales and sales support personnel, and customer sample costs. The Group's selling and distribution expenses amounted to HK\$39.7 million for the year ended 30 June 2020, against HK\$35.7 million for the year ended 30 June 2019. The increase in selling and distribution expenses was caused by the additional air shipment costs incurred during the pandemic in order to cope with the supply chain disruption and meeting customer demand.

MANAGEMENT DISCUSSION AND ANALYSIS

General and Administrative Expenses

The Group's general and administrative expenses amounted to HK\$225.3 million for the year ended 30 June 2020, against HK\$238.7 million for the year ended 30 June 2019. The decrease in general and administrative expenses was mainly attributable to the proactive measures taken by the Group amidst the pandemic which included streamlining operation and headcount, suspending all non-essential projects and expenditures, and also instituting salary cut on all associates that are managerial grade and above.

Finance Costs

The Group's finance costs mainly represent interest expenses on borrowings and lease liabilities. The finance costs increased from HK\$0.5 million for the year ended 30 June 2019 to HK\$5.5 million for the year ended 30 June 2020. The increase in finance costs was primarily due to (i) the increase in borrowings as a result of continuous investment by the Group and also to increase the Group's liquidity amidst the pandemic; and (ii) the relevant finance costs on lease liabilities recorded upon the adoption of HKFRS 16, *Leases*.

Loss for the year

The Group recorded a net loss of HK\$77.5 million for the year ended 30 June 2020 as compared with a net loss of HK\$62.8 million for the year ended 30 June 2019.

FINANCIAL POSITION

The Group's bank balances and cash was HK\$122.9 million as at 30 June 2020 whilst total borrowing from banks was HK\$97.4 million and gearing ratio was 31.3%. As at 30 June 2019 and 30 June 2020, the Group did not have assets pledged for bank borrowings.

The Group strives to improve the working capital management and focus on the overall cash conversion cycle days which are calculated by adding the inventory turnover days and receivables turnover days and subtracting the payables turnover days. For the year ended 30 June 2020, the cash conversion cycle days were 37 days as compared to 57 days in previous year.

	As at 30 June 2020 (Days)	As at 30 June 2019 (Days)
Inventory turnover days	61	57
Receivables turnover days	47	60
Payables turnover days	71	60
Cash conversion cycle days	37	57

Capital expenditure during the year amounted to HK\$92.7 million of which the majority was for the establishment of seamless manufacturing facility and also the expansion of overseas factory capacity.

FOREIGN EXCHANGE RISK

The Group is mainly exposed to fluctuations in exchange rates of Euro, HK dollars, RMB, US dollars and Thai Baht. Majority of the sales revenue are denominated in US dollars, the foreign exchange exposure in respect of US dollars against HK dollars is considered minimal as HK dollars pegged with US dollars. The Group manages its foreign exchange exposure by performing regular review and by taking prudent measures to minimize the currency translation risk.

MANAGEMENT DISCUSSION AND ANALYSIS

CONTINGENT LIABILITIES

As at 30 June 2020, the Group did not have any significant contingent liabilities.

REMUNERATION POLICY

As at 30 June 2020, the Group had employed approximately 7,406 employees (30 June 2019: approximately 8,853 employees).

The remuneration policy and package of the Group's employees are structured with reference to the prevailing market conditions and statutory requirements as appropriate. The Group also provides other staff benefits such as medical insurance, mandatory provident fund contributions and a share option scheme to its employees.

EVENTS AFTER THE REPORTING PERIOD

On 16 September 2020, Top Form Brassiere Mfg. Co., Limited, an indirect wholly-owned subsidiary of the Company, (as vendor) entered into a preliminary sale and purchase agreement with an independent third party (the "Purchaser") to dispose of a property of the Group (the "Disposal") to the Purchaser at a total consideration of HK\$28,000,000. Further details of the Disposal were disclosed in the Company's announcement dated 16 September 2020.

Save as disclosed above, the Group has no other significant events after the reporting period and up to the date of this report.

OUTLOOK AND FUTURE DEVELOPMENT

At the time of writing, with governments around the world once again battling with a new resurgence of COVID-19 cases, and an unabated ratchetting up of tension between the U.S. and China, there is an expectation that a high level of volatility will remain in the marketplace while fundamental changes in the global economy continue to accelerate.

Top Form took some drastic and painful actions during the early days of the pandemic to steer through the depth of the crisis. Our ability to navigate these challenges has highlighted the important direction we took over the past years of continual investments, to build our capabilities — our people, manufacturing network, systems and products, which enabled us to manage through major and abrupt challenges while remaining nimble, healthy and strong.

This year, with the foundation that Top Form has built and as the transformative nature of COVID-19 continues to drive changes in business, we are finding some sense of confidence as we execute on our strategy of diversifying our footprint and product offerings, while delivering innovation, raising service level, driving efficiency and controlling costs. We remain committed to the long term prospect of the Group and believe that over time disciplined and continual investments will drive the future prospects of our company and position us to grow and prosper for decades to come.

DIRECTORS' REPORT

The Directors present their annual report and the audited consolidated financial statements of the Company and its subsidiaries (the "Group") for the year ended 30 June 2020.

PRINCIPAL ACTIVITIES AND BUSINESS REVIEW

The Company acts as an investment holding company. The principal activities of its subsidiaries are the design, manufacture and distribution of ladies' intimate apparel, principally brassieres.

The activities of its principal subsidiaries are set out in note 31 to the consolidated financial statements.

A review of the business of the Group during the year and a discussion on the Group's future business development and uncertainties and an analysis of the performance using financial key performance indicators are set out in the Chairman's Statement on page 4 and the Management Discussion and Analysis on pages 5 to 7 of this annual report. The principal risks facing the Group are set out in the Management Discussion and Analysis on pages 5 to 7 and the financial risk management objective and policies detailed in note 25 to the consolidated financial statements.

Details regarding the environmental, social and governance practices adopted by the Group will be set out in the Environmental, Social and Governance Report on pages 30 to 39 of this annual report.

In addition, the Group's compliance with relevant laws and regulations and key relationships with employees, customers and suppliers are set out on page 9 of this annual report.

RESULTS AND APPROPRIATIONS

The results of the Group for the year ended 30 June 2020 are set out in the Consolidated Statement of Profit or Loss on page 45.

DIVIDEND

The Board has resolved not to declare a final dividend for the year ended 30 June 2020 (for the year ended 30 June 2019: nil).

No interim dividend for the six months ended 31 December 2019 has been paid to the Shareholders during the year ended 30 June 2020 (for the six months ended 31 December 2018: nil).

CLOSURE OF REGISTERS OF MEMBERS

Entitlement to attend and vote at the 2020 AGM

The main and branch registers of members of the Company will be closed from 12 November 2020 to 17 November 2020 for the purpose of determining the shareholders' entitlement to attend and vote at the forthcoming annual general meeting on 17 November 2020 ("AGM"). During that period, no transfer of shares will be registered. In order to qualify for the shareholders' entitlement to attend and vote at the AGM, all transfer forms accompanied by the relevant share certificates must be lodged with the Company's branch share registrar in Hong Kong, Tricor Secretaries Limited at Level 54, Hopewell Centre, 183 Queen's Road East, Hong Kong for registration not later than 4:30 p.m. on 11 November 2020.

FIVE YEAR FINANCIAL SUMMARY

A summary of the results and of the assets and liabilities of the Group for the past five financial years is set out on page 112.

COMPLIANCE WITH RELEVANT LAWS AND REGULATIONS

During the year ended 30 June 2020, the Company was not aware of any non-compliance with any relevant laws and regulations that have a significant impact on the Group.

DIRECTORS' REPORT

KEY RELATIONSHIPS WITH EMPLOYEES, CUSTOMERS AND SUPPLIERS

Employees are one of the greatest assets of the Company. The Group is committed to continuously grow and cultivate its pool of talent to build sustainable business. The Group provides resources for training and development opportunities for the employees. The Group also offers competitive remuneration package to its employees. Staff performance is measured on a regular and structured basis to provide employees with appropriate feedback and to ensure their alignment with the Group's corporate strategy.

The Group has developed long-standing and good relationships with its customers and suppliers. The Group serves the customers and suppliers as business partners. The Group endeavours to provide quality service to its customers and works closely with the suppliers to ensure their awareness on quality requirements of the materials and quality control effectiveness.

SHARE CAPITAL

Details of share capital of the Company during the year are set out in note 26 to the consolidated financial statements. There were no movements during the year.

DISTRIBUTABLE RESERVES

At 30 June 2020, the aggregate amount of reserves available for distribution to equity shareholders of the Company was HK\$237,116,000 (2019: HK\$238,710,000).

BANK LOANS

Details of unsecured bank loans the Group as at 30 June 2020 are set out in note 20 to the consolidated financial statements.

DIRECTORS

The Directors of the Company during the year and up to the date of this report were:

Executive Directors

Mr. Wong Chung Chong	<i>(Chairman)</i>
Mr. Wong Kai Chung, Kevin	<i>(Chief Executive Officer)</i>
Mr. Wong Kai Chi, Kenneth	<i>(Managing Director)</i>

Non-executive Directors

Mr. Fung Wai Yiu
Mr. Lucas A.M. Laureys
Mr. Herman Van de Velde

Independent non-executive Directors

Ms. Leung Churk Yin, Jeanny
Mr. Leung Ying Wah, Lambert
Mr. Lin Sun Mo, Willy
Mr. Chow Yu Chun, Alexander *(retired on 31 October 2019)*

The biographical details of the Directors as at the date of this annual report are set out under the section headed "Biographical Details of Directors and Senior Management".

In accordance with bye-law 87(2) of the Company's Bye-laws, Mr. Fung Wai Yiu, Mr. Herman Van de Velde and Mr. Lin Sun Mo, Willy will retire by rotation and, being eligible, offer themselves for re-election at the AGM.

DIRECTORS' REPORT

No Director proposed for re-election at the AGM has a service contract with the Company or any of its subsidiaries which is not determinable by the Group within one year without payment of compensation other than statutory compensation.

The non-executive Directors have not been appointed for a specific term but will be subject to retirement by rotation in accordance with the Company's Bye-laws.

CONFIRMATION OF INDEPENDENCE ON INDEPENDENT NON-EXECUTIVE DIRECTORS

The Company has received from each of the independent non-executive Directors an annual confirmation of his/her independence pursuant to Rule 3.13 of Rules (the "Listing Rules") Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "Hong Kong Stock Exchange"). The Company has assessed their independence and concluded that all the independent non-executive Directors are independent.

BIOGRAPHICAL DETAILS OF DIRECTORS AND SENIOR MANAGEMENT

The biographical details of Directors and senior management of the Group are set out on pages 17 to 18 of the annual report.

CONNECTED TRANSACTIONS

The Group has been for the past 38 years conducting transactions with Van de Velde N. V. ("VdV") by supplying ladies' intimate apparel to VdV. VdV is a connected person of the Company by virtue of it being a substantial shareholder of the Company holding approximately 25.66% of the issued share capital of the Company. Mr. Lucas A.M. Laureys and Mr. Herman Van de Velde, the non-executive director and the Chairman of VdV respectively, are non-executive Directors of the Company. Mr. Herman Van de Velde and the two daughters of Mr. Lucas A.M. Laureys (associates of Mr. Lucas A.M. Laureys under Chapter 14A of the Listing Rules of the Hong Kong Stock Exchange) hold an indirect equity interest of 56.26% in VdV via a jointly controlled corporation and therefore they are deemed to be connected persons of the Company. All transactions between VdV and the Group would constitute continuing connected transactions (the "Continuing Connected Transactions") pursuant to the Listing Rules of the Hong Kong Stock Exchange. Accordingly, a master agreement dated 18 September 2005 (the "Master Agreement") had been entered into between VdV and the Company to govern the Continuing Connected Transactions and to set annual caps for the Continuing Connected Transactions in respect of the three financial years ended 30 June 2008.

The Master Agreement had been renewed by entering into (i) the 1st renewal agreement dated 12 June 2008 between VdV and the Company for a terms of three years ended 30 June 2011; (ii) the 2nd renewal agreement dated 1 April 2011 between VdV and the Company for a terms of three years ended 30 June 2014; (iii) the 3rd renewal agreement dated 9 April 2014 between VdV and the Company for a terms of three years ended 30 June 2017; (iv) the 4th renewal agreement dated 10 April 2017 between VdV and the Company for a terms of three years ended 30 June 2020; and (v) the 5th renewal agreement ("the 5th Renewal Agreement") dated 7 April 2020 between VdV and the Company for a terms of three years ending 30 June 2023.

An announcement dated 7 April 2020 and a circular dated 5 May 2020 regarding the renewal of the Continuing Connected Transactions contemplated under the 5th Renewal Agreement and the relevant annual caps set for the three financial years ending 30 June 2023 of HK\$160 million, HK\$170 million and HK\$180 million respectively had been published and dispatched to Shareholders and an approval had been obtained from Independent Shareholders of the Company on 22 May 2020.

Details of the Continuing Connected Transactions conducted during the year under review were set out below:

Name of the connected person	Nature of the continuing connected transactions	Annual cap set for the year ended	
		Amount HK\$'000	30 June 2020 HK\$'000
VdV	Sale of ladies' intimate apparel by the Group to VdV	77,594	160,000

DIRECTORS' REPORT

Pursuant to Rule 14A.55 of the Listing Rules of the Hong Kong Stock Exchange, the Independent non-executive Directors of the Company have conducted an annual review and confirmed to the Board that during the year the Continuing Connected Transactions have been entered into:

1. in the ordinary and usual course of business of the Group;
2. on normal commercial terms; and
3. in accordance with the agreement governing such transactions on terms that are fair and reasonable and in the interests of the Shareholders of the Company as a whole.

The Company's auditor was engaged to report on the Group's continuing connected transactions in accordance with Hong Kong Standard on Assurance Engagements 3000 (Revised) "Assurance Engagements Other Than Audits or Reviews of Historical Financial Information" and with reference to Practices Note 740 "Auditor's Letter on Continuing Connected Transactions under the Hong Kong Listing Rules" issued by the Hong Kong Institute of Certified Public Accountants. The auditor has issued his unqualified letter containing his findings and conclusions in respect of the continuing connected transactions set out above in accordance with Rule 14A.56 of the Listing Rules. A copy of the auditor's letter has been provided by the Company to the Hong Kong Stock Exchange.

DIRECTORS' INTERESTS IN TRANSACTIONS, ARRANGEMENT OR CONTRACTS

Other than the Continuing Connected Transactions as disclosed under the section headed "Connected Transactions" above, there were no contracts of significance to which the Company or any of its subsidiaries was a party and in which any one of the Directors of the Company had a material interest, whether directly or indirectly, subsisting at the end of the year or at any time during the year.

DIRECTORS' INTERESTS IN COMPETING BUSINESS

During the year, the following Directors were considered to have interests in the following business, which competes or is likely to compete, either directly or indirectly, with the business of the Group as required to be disclosed pursuant to Rule 8.10 of the Listing Rules:

Mr. Lucas A.M. Laureys is the non-executive director of VdV whose principal business activity is the manufacture and marketing of luxury lingerie. The Board considers that the business of VdV may indirectly compete with the business of the Group.

Mr. Herman Van de Velde, the Chairman of the board of VdV and non-executive director of VdV, has an indirect interest in Van de Velde Holding N. V. which held a direct interest of 56.26% in VdV whose principal business activity is the manufacture and marketing of luxury lingerie. The Board considers the business of VdV may indirectly compete with the business of the Group.

Save as disclosed above, none of the Directors during the year has any interest in businesses which compete or may compete with the business of the Group, or have or may have any other conflicts of interest with the Group.

DIRECTORS' RIGHTS TO ACQUIRE SHARES OR DEBENTURES

No rights to acquire benefits by means of the acquisition of Shares in or debentures of the Company were granted to any Director or their respective spouse or children under 18 years of age, nor were any such rights exercised by them, nor was the Company or any of its subsidiaries a party to any arrangement to enable the Directors, or their respective spouse or children under 18 years of age, to acquire such rights in any other body corporate during the year under review.

MANAGEMENT CONTRACTS

No contract concerning the management and administration of the whole or any substantial part of the business of the Company was entered into or existed during the year under review.

DIRECTORS' REPORT

PERMITTED INDEMNITY PROVISIONS

Pursuant to the Bye-laws of the Company, the Directors of the Company shall be indemnified and secured harmless out of the assets and profits of the Company from and against all actions, costs, charges, losses, damages and expenses which they or any of them may incur about the execution of their duty, or supposed duty, in their respective offices.

Throughout the year, the Company has maintained directors' and officers' liability insurance, which provides cover for the Directors of the Company and its subsidiaries.

SHARE OPTION SCHEME

The Company has adopted a new share option scheme (the "Scheme") on 3 November 2011 (the "Adoption Date") for the primary purpose of providing incentives or rewards to the Directors, employees or any other persons at the discretion of the Board, and the Scheme will end on 2 November 2021.

The total number of shares in respect of which options may be granted under the Scheme is not permitted to exceed 10% of the shares of the Company in issue on the Adoption Date, being 107,518,812 shares. Following the share consolidation (on the basis of every five issued and unissued shares of \$0.10 each consolidated into one share of \$0.50 each in the capital of the Company) which became effective on 23 May 2014, the total number of shares which may be issued on exercise of the options which may be granted under the Scheme shall not exceed 21,503,762 shares.

On 30 September 2019, the Company has granted share options (the "Share Options") to certain eligible participants (the "Grantees") to subscribe for 5,920,000 ordinary shares (the "Shares") of HK\$0.50 each of the Company, subject to acceptance of the Grantees and the payment of HK\$1.00 by the Grantees, pursuant to the Scheme adopted by the Company. The exercise price of the Share Options granted was HK\$1.172 per Share and the closing price of the Shares of the Company immediately before the date on which the Share Options were granted was HK\$1.15 per Share. The validity period of the Share Options would be for 5 years from 30 September 2019 to 29 September 2024 (both days inclusive). All the Share Options shall be vested and exercisable from the third anniversary of the date of grant (i.e. 30 September 2022).

Further details of the accounting policy for share options granted and the Scheme are set out in note 2(j)(iii) and note 22 to the consolidated financial statements respectively.

Details of movements of the Share Options granted under the Scheme to the Directors and employees during the year ended 30 June 2020 were as follows:

Grantee	Date of grant	Exercise price per share (HK\$)	Exercise period	Number of share options					
				Outstanding as at 1 July 2019	Granted during the year	Exercised during the year	Cancelled/lapsed during the year	Outstanding as at 30 June 2020	
Directors									
Mr. Wong Kai Chung, Kevin	30 September 2019	1.172	30 September 2022 to 29 September 2024	-	200,000	-	-	200,000	
Mr. Wong Kai Chi, Kenneth	30 September 2019	1.172	30 September 2022 to 29 September 2024	-	200,000	-	-	200,000	
Employees									
In aggregate	30 September 2019	1.172	30 September 2022 to 29 September 2024	-	5,520,000	-	-	5,520,000	
Total				-	5,920,000	-	-	5,920,000	

DIRECTORS' REPORT

DIRECTORS' OR CHIEF EXECUTIVES' INTERESTS

As at 30 June 2020, the interests and short positions of the Directors or the chief executives of the Company in the shares, underlying shares and debentures of the Company or its associated corporations within the meaning of Part XV of the Securities and Futures Ordinance (the "SFO"), which were notified to the Company and the Hong Kong Stock Exchange pursuant to Divisions 7 and 8 of Part XV of the SFO (including interests and short positions which they have taken or deemed to have under such provisions of the SFO), or which were required to be entered in the register maintained by the Company pursuant to Section 352 of the SFO, or as otherwise notified to the Company and the Hong Kong Stock Exchange pursuant to the Model Code, were as follows:

Long positions:

Ordinary shares of HK\$0.50 each of the Company

Name of Director	Capacity	Number of issued ordinary shares held	Number of share options held (note 1)	Total Interests	Percentage of the issued share capital of the Company
Mr. Wong Chung Chong	Beneficial owner and interests held by spouse and a controlled corporation and persons acting in concert (note 2)	61,162,823	–	61,162,823	28.44%
Mr. Wong Kai Chung, Kevin	Interests held by a controlled corporation and persons acting in concert (note 3) Beneficial owner	60,626,823 –	– 200,000	60,826,823	28.29%

PURCHASE, SALE OR REDEMPTION OF THE COMPANY'S LISTED SECURITIES

Neither the Company nor any of its subsidiaries has purchased, sold or redeemed any of the Company's shares during the year ended 30 June 2020.

PRE-EMPTIVE RIGHTS

There are no provisions for pre-emptive rights under the Company's Bye-laws although there are no restrictions against such rights under the laws in Bermuda which would oblige the Company to offer new shares on a pro-rata basis to existing Shareholders.

DIRECTORS' REPORT

MAJOR CUSTOMERS AND SUPPLIERS

The respective percentages of the Group's purchases from major suppliers and revenue attributable to major customers for the year ended 30 June 2020, were as follows:

–	Percentage of purchases attributable to the Group's largest supplier	11%
–	Percentage of purchases attributable to the Group's five largest suppliers	40%
–	Percentage of revenue attributable to the Group's largest customer	33%
–	Percentage of revenue attributable to the Group's five largest customers	85%

During the year, Mr. Herman Van de Velde, a Non-executive Director of the Company, has a beneficial interest in VdV, which is one of the Group's five largest customers.

All transactions between the Group and the customers concerned were carried out on normal commercial terms.

CHARITABLE DONATION

During the year, the Group made charitable donations amounting to HK\$66,000 (2019: HK\$43,000).

EMOLUMENT POLICY

The emoluments of the Directors are determined by the Board, as authorised by the shareholders at the general meetings, with reference to Directors' duties, responsibilities and performance and the results of the Group. Details of remuneration of Directors on an individual basis are disclosed in this report.

The Group established a Compensation Committee in 2001 and its functions and duties are, inter alia, to review and recommend to the Board the overall remuneration policy of the Group as well as the remuneration packages for executive Directors.

RETIREMENT BENEFIT SCHEMES

Information on the Group's retirement benefit schemes is set out in note 23 to the consolidated financial statements.

SUFFICIENCY OF PUBLIC FLOAT

Based on the information that is publicly available to the Company and within the knowledge of the Directors, the Company has maintained sufficient public float throughout the year ended 30 June 2020 as required under the Listing Rules of Hong Kong Stock Exchange.

DIRECTORS' REPORT

CORPORATE GOVERNANCE

The Company is committed to maintaining high standards of corporate governance principles and practices and has throughout the year, except for the deviations stated and explained in the Corporate Governance Report set out on pages 19 to 29 of this report, complied with the code provisions as set out in the Corporate Governance Code, Appendix 14 to the Listing Rules of Hong Kong Stock Exchange.

MODEL CODE FOR SECURITIES TRANSACTIONS

The Company has adopted the Model Code as set out in Appendix 10 to the Listing Rules of Hong Kong Stock Exchange as its own code for dealing in securities of the Company by the Directors. Based on specific enquiry made with all Directors, the Company considers that the Directors complied with the required standard as set out in the Model Code throughout the year under review.

Employees who are likely to be in possession of inside information of the Company are also subject to compliance with guidelines on no less exacting terms than the Model Code.

AUDIT COMMITTEE

The Audit Committee, together with the management and the Company's external auditors, have reviewed the accounting principles and practices adopted by the Group and discussed risk management and internal controls systems and financial reporting matters, and reviewed the financial results for the year ended 30 June 2020.

AUDITORS

The consolidated financial statements for the year ended 30 June 2020 have been audited by Messrs. KPMG who will retire and offer themselves for re-appointment at the forthcoming AGM. A resolution for the re-appointment of Messrs. KPMG as the Company's auditors will be proposed at the forthcoming AGM of the Company.

On behalf of the Board

Wong Chung Chong

Chairman
Hong Kong

15 September 2020

BIOGRAPHICAL DETAILS OF DIRECTORS AND SENIOR MANAGEMENT

EXECUTIVE DIRECTORS

Mr. Wong Chung Chong (黃松滄), aged 74, has been the Chairman and an Executive Director since 31 October 2014 and 19 November 1991 respectively. He is also the authorized representative and was a member of the Nomination Committee of the Company until 31 October 2018. Mr. Lin also serves as the chairman of the Compensation Committee of the Company and a member of both Audit Committee and Nomination Committee of the Company. He holds a Bachelor of Science degree from Babson College in the United States of America and is the Managing Director of Milo's Knitwear (International) Limited. Mr. Lin is concurrently the Chairman of The Hong Kong Shippers' Council and Hong Kong Productivity Council, Honorary Chairman of Textile Council of Hong Kong, a member of the HKSAR's Logistics Development Council, Maritime and Port Board, Trade and Industry Advisory Board, an Ex-officio member of Committee on Innovation, Technology and Re-industrialisation, a Committee Member of the Chinese People's Political Consultative Committee of Jieyang, Guangdong, Honorary Trade Advisor of Ministry of Commerce of Thailand and Honorary Consul of the Slovak Republic in Hong Kong and Macao.

SENIOR MANAGEMENT

Mr. Thomas Hirschmugl, aged 51, was appointed Chief Manufacturing Officer of the Group in November 2018. He is responsible for the Group's supply chain, manufacturing systems and engineering capabilities. He has over 30 years of experience in industrial engineering and manufacturing. He held senior positions in various large scale multi-site manufacturing companies in China, Asia-Pacific and Europe. He holds a Bachelor's degree in Business Administration.

Ms. Anna Maria Swierkosz, aged 54, joined the Group in January 2019 as the Chief Product Officer of the Group. She leads the development of product strategy and manages product design, innovation and creation capabilities to support business strategy of the Group. She possesses more than 30 years of experience in intimate design and product development. She holds a degree of Associate in Applied Science.

Mr. Pun Chi Wa (潘志華), aged 48, was appointed Chief Financial Officer of the Group and the Company Secretary of the Company in June 2018. He is responsible for managing the Company's finances and assisting on all of the Group's strategic developments and tactical matters in the formulation of future Group direction. He has over 26 years of financial and operational management experience and held senior positions in various companies before joining the Group. Mr. Pun holds a Bachelor's degree in Business Administration and is a member of the Hong Kong Institute of Certified Public Accountants.

Ms. Tse Ting Ting (謝婷婷), aged 52, is the Chief People Officer of the Group. She oversees all aspects of human resources management for the Group and assists in developing the Group's strategy in relation to human capital. She joined the Group in September 2018 and has over 30 years of experience in human resources roles with more than 10 years in regional management roles at multinational corporations and business with large workforce. She holds a Master's degree in Business Administration.

Mr. Eduardo Portabella, aged 48, is the Group Technical Director and the Executive Director of Grand Gain Industrial Limited ("Grand Gain"), a subsidiary of the Company. He joined the Group in June 2016 and was appointed Group Technical Director in April 2020. He is responsible for leading the Group's technical and industrial design, and business development and product innovation for Grand Gain, the polyurethane foam cup subsidiary of the Group. Mr. Portabella has extensive experience in business development, manufacturing and supply chain operations, project management, and engineering. He holds an Executive Master of Business Administration degree. He also holds a Doctoral degree in Electrical Engineering, a Master's degree and a Bachelor's degree in Telecommunications Engineering.

CORPORATE GOVERNANCE REPORT

The Group continues to commit itself to maintaining high standards of corporate governance principles and practices with an emphasis on enhancing transparency and accountability and ensuring the application of these principles and practices within the Group and thereby, enhancing shareholders value and benefiting our stakeholders at large.

The Company has, throughout the year under review, complied with the code provisions (the “Code Provisions”) as set out in the Corporate Governance Code (the “Code”), Appendix 14 to the Listing Rules of the Hong Kong Stock Exchange, except for the following deviations:

- A.4.1 — Non-executive Directors of the Company are not appointed for a specific term. They are, however, subject to retirement by rotation and re-election at the annual general meetings of the Company at least once every three years in accordance with the Company’s Bye-laws.
- A.4.2 — The Chairman shall not, while holding such office, be subject to retirement by rotation or taken into account in determining the number of Directors to retire in each year. In the opinion of the Board, it is important for the stability and growth of the Company that there is, and is seen to be, continuity of leadership in the role of Chairman and, in consequence, the Board is of the view that the Chairman should not be subject to retirement by rotation or hold office for a limited term at the present time.

The Board is pleased to present the key corporate governance principles and practices followed by the Company during the year.

BOARD RESPONSIBILITIES AND DELEGATION

The Board currently comprises nine Directors, including three executive Directors, three non-executive Directors and three independent non-executive Directors. The list of Directors is set out in this report under the section headed “Corporate Information”. The non-executive Directors are not appointed for a specific term. They are, however, subject to retirement by rotation and re-election at least once every three years in accordance with the Company’s Bye-laws.

The Board collectively determines the overall strategies and monitors the performance of the Group. The Chairman, Mr. Wong Chung Chong focuses on managing the Board issues and supervising the management team in adherence to the long term strategic development of the Group. The Chief Executive Officer, Mr. Wong Kai Chung, Kevin is responsible for the Group’s overall operations. The Managing Director, Mr. Wong Kai Chi, Kenneth is responsible for the Group’s business development and marketing functions. The Chairman plays a key role in driving corporate governance development and a leading role in the corporate governance function held by the Board. Mr. Wong Chung Chong is the father of Mr. Wong Kai Chi, Kenneth and Mr. Wong Kai Chung, Kevin. Mr. Wong Kai Chi, Kenneth is the elder brother of Mr. Wong Kai Chung, Kevin.

The daily management, operation and administration functions of the Company are delegated to the executive Directors and senior management. All the significant issues are reported to the Board on a regular basis.

There is a prescribed list of matters reserved for Board approval, including:

- i. long-term objectives and strategies;
- ii. audited financial statements and associated materials; review and approve interim and final results announcements and quarterly operational updates; convening general meetings;
- iii. recommendations as to dividend;
- iv. appointment, removal or re-designation of Directors;
- v. remuneration of non-executive Directors and changes in terms and conditions of employment of executive Directors;
- vi. material connected transactions;
- vii. material acquisitions, disposals or joint-venture arrangements;

CORPORATE GOVERNANCE REPORT

BOARD RESPONSIBILITIES AND DELEGATION – CONTINUED

- viii. material raising of external finance;
- ix. appointment and removal of external auditors;
- x. annual capital expenditure budget;
- xi. matters involving a conflict of interest for a substantial shareholder or Director; and
- xii. create, issue, purchase, redeem or otherwise reorganize the Company's share capital.

For any matters that involve a conflict of interest for a substantial shareholder or Director, such matters are considered and approved by the full Board except those Directors who have conflict of interests in such matters.

Directors are provided at quarterly Board meetings with comprehensive reports on the management's strategic plans, updates on business, financial objectives, plans and actions.

BOARD COMPOSITION

The composition of the Board represents a well-balanced mixture of skills and experience appropriate for the requirements of the business of the Company. Review of the Board composition is made regularly by the nomination committee of the Company.

The composition of the Board by category is disclosed in all corporate communications and the updated biographical details of the Directors are set out in annual reports under the section headed "Biographical Details of Directors and Senior Management" and on the website of the Company. A list of names of Directors and their roles and functions is also published on the website of Hong Kong Exchanges and Clearing Limited (the "HKEx") and the Company's website.

APPOINTMENT AND RE-ELECTION OF DIRECTORS

Under the Company's Bye-laws, at each annual general meeting one-third of the Directors for the time being or, if the number is not three or a multiple of three, the number nearest to but not less than one-third shall retire from office. The Chairman shall not, whilst holding such office, be subject to retirement by rotation or be taken into account in determining the number of Directors to retire in each year.

In the opinion of the Board, it is important for the stability and growth of the Company that there is, and is seen to be, continuity of leadership in the role of Chairman and, in consequence, the Board is of the view that the Chairman should not be subject to retirement by rotation or hold office for a limited term at the present time.

In accordance with the Company's Bye-laws, newly appointed Directors to fill casual vacancies are required to offer themselves for re-election at the next general meeting following their appointments.

BOARD, BOARD COMMITTEE AND SHAREHOLDERS' MEETINGS

The Board held four regular meetings during the year ended 30 June 2020. Regular Board meetings are scheduled at least three months in advance to give Directors the opportunity to include matters in the agenda and at least 14 days formal notice is given before each regular Board meeting. The Board papers and related materials are circulated to Directors three days prior to Board meetings and Board committee meetings.

The Directors are given an opportunity to comment on draft Board minutes and minutes of Board committee meetings which are sent to Directors within a reasonable time frame of the relevant meeting. The signed minutes are placed on record after the same have been reviewed and agreed amongst the Board members and are open for inspection at any time by Directors.

CORPORATE GOVERNANCE REPORT

BOARD, BOARD COMMITTEE AND SHAREHOLDERS' MEETINGS – CONTINUED

The Directors participate in Board meetings with open discussions and bring independent judgments and constructive comments to the Board. They at all times have full and timely access to all the information of the Group. The Directors will be able to seek independent professional advice in appropriate circumstances, at the expense of the Company for discharging their duties.

The attendance of the Directors at Board meetings, committee meetings and the general meetings of the Company during the year ended 30 June 2020 were as follows:

	Number of meetings attended/eligible to attend				
	Board	Audit Committee	Compensation Committee	Nomination Committee	General Meetings
Executive Directors					
Mr. Wong Chung Chong (<i>Chairman</i>)	4/4	–	–	–	2/2

Mr. Wong Kai Chi, Kenneth (<i>Managing Director</i>)	4/4	–	–	2/2	2/2
Non-executive Directors					
Mr. Fung Wai Yiu*	4/4	–	–	1/1	0/2
Mr. Lucas A.M. Laureys#	1/4	–	–	–	0/2
Mr. Herman Van de Velde	4/4	–	2/2	2/2	0/2
Independent Non-executive Directors					
Ms. Leung Churk Yin, Jeanny	4/4	2/2	2/2	2/2	2/2
Mr. Leung Ying Wah, Lambert*	4/4	2/2	2/2	2/2	2/2
Mr. Lin Sun Mo, Willy	4/4	2/2	2/2	2/2	2/2
Mr. Chow Yu Chun, Alexander* (<i>retired on 31 October 2019</i>)	1/1	1/1	–	1/1	–

* With effect from the conclusion of the annual general meeting held on 31 October 2019, Mr. Chow Yu Chun, Alexander retired as an independent non-executive director of the Company; Mr. Fung Wai Yiu resigned as a member of Nomination Committee of the Company and Mr. Leung Ying Wah, Lambert was appointed as the chairman of Nomination Committee of the Company.

Mr. Lucas A.M. Laureys was absent from several meetings during the year for personal reasons.

Board Committees

The Board has delegated some of its function to the Board committees, namely Audit Committee, Compensation Committee and Nomination Committee. All the Committees have been established with clear and specific terms of reference in accordance with the requirements of the Code and the terms of reference are available for review on the websites of the HKEx and the Company. Each Board committees reports to the Board their respective decisions and recommendations after the relevant meetings.

Audit Committee

The Audit Committee currently consists of three independent non-executive Directors, Ms. Leung Churk Yin, Jeanny, Mr. Leung Ying Wah, Lambert and Mr. Lin Sun Mo, Willy. With effect from the conclusion of the annual general meeting held on 31 October 2019, Mr. Chow Yu Chun, Alexander resigned as a member of Audit Committee.

Under its terms of reference, the Audit Committee reviews the Group's financial information and oversees the financial reporting system, risk management and internal control systems. The Committee also approves the scope of work of the Internal Audit Department and oversees the relationship with the external auditors.

CORPORATE GOVERNANCE REPORT

Audit Committee – continued

Two meetings have been held during the year ended 30 June 2020. The principal work performed by the Committee during the year ended 30 June 2020 included:

- review of the Company's financial statements for the year ended 30 June 2020 and for the six months ended 31 December 2019 and recommending such financial statements to the Board for their approval and adoption;
- discussions with the external auditors and reporting to the Board any significant matters arising from the interim review and annual audit;
- review of the audit reports submitted by Internal Audit Department regarding the systems of internal control and risk management;
- review and approval of the audit planning;
- review of the Continuing Connected Transactions; and
- recommending the re-appointment of KPMG as the auditors of the Company to the Board, subject to shareholders' approval at annual general meeting.

The Committee was satisfied as to the overall effectiveness of the internal controls and risk management process during the year under review.

Compensation Committee

The Compensation Committee currently consists of one non-executive Director, Mr. Herman Van de Velde and three independent non-executive Directors, Ms. Leung Churk Yin, Jeanny, Mr. Leung Ying Wah, Lambert and Mr. Lin Sun Mo, Willy.

The Compensation Committee has the responsibility delegated by the Board to review and make recommendations to the Board the remuneration packages of individual executive Directors and senior management, the policy and structure for all directors' and senior management's remuneration and the establishment of a formal and transparent procedure for developing remuneration policy.

The Compensation Committee reviews compensation policies of the Group on a regular basis. The compensation policy of the Group is designed to reflect performance, complexity and responsibility with a view to attracting, motivating and retaining high performing individuals. The Committee ensures that no individual Director is involved in deciding his own remuneration.

The details of remuneration of Directors are disclosed on an individual basis in note 7(a) to the consolidated financial statements. In addition, pursuant to code provision B.1.5 of the Code, the remuneration paid to the members of the senior management by band for the year ended 30 June 2020 is set out below:

Remuneration by bands	Number of person(s)
HK\$1,500,001 – HK\$2,000,000	1
HK\$2,000,001 – HK\$2,500,000	2
HK\$2,500,001 – HK\$3,000,000	1
HK\$3,000,001 – HK\$3,500,000	1

The Compensation Committee held two meetings during the year ended 30 June 2020. During the year, the Compensation Committee has reviewed the remuneration packages of executive Directors and non-executive Directors and made recommendations to the Board for approval. In addition, as a sign of solidarity with the Group, the executive Directors agreed to a 25% reduction in salaries on a temporary basis from April to June 2020; while all the non-executive Directors and independent non-executive Directors agreed to waive the directors' fees for the year ending 30 June 2021.

CORPORATE GOVERNANCE REPORT

Nomination Committee

The Nomination Committee currently comprises one executive Director, Mr. Wong Kai Chi, Kenneth, one non-executive Director, Mr. Herman Van de Velde and three independent non-executive Directors, Ms. Leung Churk Yin, Jeanny, Mr. Leung Ying Wah, Lambert and Mr. Lin Sun Mo, Willy, representing a majority of independent non-executive Directors. With effect from the conclusion of the annual general meeting held on 31 October 2019, Mr. Fung Wai Yiu resigned as a member of Nomination Committee of the Company; Mr. Chow Yu Chun, Alexander resigned as the chairman of the Nomination Committee and Mr. Leung Ying Wah, Lambert was appointed in place of his position.

The Nomination Committee is mainly responsible for reviewing the structure, size and composition of the Board, assessing the independence of independent non-executive Directors, identifying and nominating individuals suitably qualified to become board members and making recommendations to the board on the appointment or re-appointment of Directors and succession planning for Directors. The Committee is authorized by the Board to seek external legal or other independent professional advice where necessary.

The Nomination Committee held two meetings during the year ended 30 June 2020. The principal work performed by the Committee during the year ended 30 June 2020 included:

- to assess the independence of all independent non-executive directors;
- to review the structure, size and composition of the Board;
- to consider and make recommendations to the Board on the retirement and re-election of Directors at the annual general meeting; and
- to consider and make recommendations to the Board on the changes in composition of the Board committees.

The Board has received from each independent non-executive Director a written confirmation of their independence pursuant to Rule 3.13 of the Listing Rules of Hong Kong Stock Exchange.

BOARD DIVERSITY POLICY

The Board adopted a Board diversity policy in August 2013. The main objective of the policy is to provide a guideline to the Nomination Committee in selecting candidates in terms of their merits and business and professional backgrounds to the Board with reference to the Company's existing and future business development needs. The Committee considers the benefits of all aspects of diversity, including but not limited to gender, age, cultural and educational background, professional and business experiences, skills, knowledge and length of service (the "Diversity Perspectives"), in order to maintain an appropriate balance of skills, experience and diversity perspectives of the Board. As at the date of this annual report, the Board comprises of eight male Directors and one female Director with different age, ethnicity, length of service, professional expertise, business experiences and knowledge which demonstrate diversity among the members of the Board.

NOMINATION POLICY

The Board adopted a nomination policy in May 2019 which set out the criteria and procedures when considering the candidates to be appointed or re-appointed as Directors of the Company. The Nomination Committee will consider the following factors when proposing a candidate for nomination as a Director of the Company or a Director for re-election:

- Diversity in all aspects, including but not limited the Diversity Perspectives as described above;
- The candidate or the re-elected Director is able to commit and devote sufficient time to carry out his/her duties;
- The potential or actual conflicts of interest of the candidate or the re-elected Director;
- In case of the appointment of an independent non-executive Director, compliance with the independence criteria set out in Rule 3.13 of the Listing Rules; and
- Other relevant factors considered by Nomination Committee on a case by case basis.

CORPORATE GOVERNANCE REPORT

NOMINATION POLICY – CONTINUED

The nomination policy set out the nomination procedures for appointing a new Director. The Nomination Committee shall identify candidates pursuant to the criteria set out in the nomination policy, evaluate the candidates and recommend to the Board the appointment of Director. The Board is provided with the profiles of candidates and shall decide the appointment based upon the recommendation of the Nomination Committee. Regarding the re-election of the retiring Directors at the general meeting, the Nomination Committee shall review and assess if the retiring Directors meet the criteria set out in the policy and make recommendation to the Board in respect of the proposed re-appointment of Directors.

RISK MANAGEMENT AND INTERNAL CONTROLS

The Group has an internal audit function. The Head of Internal Audit Department has direct access to the Chairman of the Audit Committee. The audit plan of the Internal Audit Department focuses on those areas of the Group's activities that have impacts in achieving the business objectives of the Group and the plan is reviewed and approved by the Audit Committee. The results of internal audit reviews and corresponding remedial actions taken are reported to the executive Directors and Audit Committee periodically.

The Board, with the support of Audit Committee and Internal Audit Department, has overall responsibility for establishing and maintaining appropriate risk management and internal control systems of the Group and reviewing their effectiveness.

The Group has in place the risk management and internal control systems which are designed in light of the nature of business as well as the organization structure. The Group has adopted a holistic approach to identify, assess, mitigate, report and monitor the risks. The management assessed the likelihood of risk occurrence, provide mitigation plans and monitor the risk management progress. Findings and recommendations are reported regularly to the Audit Committee and the Board.

The Group's internal control system includes a defined management structure with limits of authority and is designed to further the achievement of business objectives. The Group also formulated a set of internal company policies to establish standards in areas including finance, human resources, operations, health and safety and information technology. These policies aim to safeguard assets against unauthorised use or disposition, ensure the maintenance of proper accounting records for the provision of reliable financial information for internal use or publication, promote efficient and effective operations and ensure compliance with relevant legislation and regulations.

The risk management and internal control systems are designed to provide reasonable, but not absolute, assurance against material misstatement or loss and to manage rather than eliminate risks of failure in operational systems and achievement of the Group's objectives. The management adopts a hands-on approach to the operations of the business and delegation of authority is clearly defined.

Robust controls are in place for the recording of complete, accurate and timely accounting and management information. Comprehensive monthly management accounts are prepared, reviewed with, and distributed to appropriate senior management. In addition, monthly operational review meetings of various operating plants are held. The Chief Executive Officer and the Managing Director play leading roles in these meetings.

The Internal Audit Department conducts reviews on the adequacy and effectiveness of the Group's risk management and internal control systems and reports their findings to the Audit Committee. The review covers financial, operational and compliance control in accordance with an annual audit plan reviewed and endorsed by the Audit Committee at the beginning of each financial year. The Internal Audit Department provides independent assurance to the Audit Committee and the Board on the adequacy and effectiveness of the risk management and internal control systems for the Group during the year under review.

The Audit Committee and the Board have reviewed annual review on the risk management and internal control systems of the Group and were satisfied as to the effectiveness and adequacy of the risk management and internal control systems of the Group during the year under review.

CORPORATE GOVERNANCE REPORT

DIRECTORS' RESPONSIBILITIES IN RESPECT OF FINANCIAL STATEMENTS

The Directors are responsible for overseeing the preparation of the consolidated financial statements that give a true and fair view of the state of affairs of the Company and of the Group as at the end of the financial year and of their respective profit or loss for the year then ended and are in accordance with Hong Kong Financial Reporting Standards published by the Hong Kong Institute of Certified Public Accountants and requirements of the Companies Ordinance. The Directors annually acknowledge their responsibility for preparing the financial statements of the Group.

In preparing the financial statements, the Directors are required to:

- select suitable accounting policies and apply them on a consistent basis, making judgments and estimates that are prudent, fair and reasonable;
- state the reasons for any significant departure from accounting standards; and
- prepare the financial statements on a going concern basis, unless it is not appropriate to assume that the Company and the Group will continue in business for the foreseeable future.

The Directors are responsible for keeping proper accounting records, for safeguarding the assets of the Company and the Group and for taking reasonable steps for the prevention of fraud and other irregularities. The Directors are not aware of any matters and uncertainties that may cast significant doubt upon the Company's ability to continue as a going concern.

The management provides the Directors with monthly updates giving a balanced and understandable assessment of the Group's performance, position and prospect in sufficient detail to enable the Directors to discharge their duties.

The statement by the external auditor of the Company regarding their responsibilities on the financial statements of the Group is set out in the Independent Auditor's Report on pages 40 to 44 of this annual report.

ACCOUNTING, INTERNAL AUDIT AND FINANCIAL REPORTING FUNCTIONS

There have been sufficient resources put in place within the Group to perform the accounting, internal audit and financial reporting functions.

The finance team, led by the Chief Financial Officer, with the support of a group of accounting professionals, is responsible for the oversight of the Group's finance and control functions. Adequate training is provided to the finance team and relevant staffs. In addition to the "On-the-job" and internal training, senior staff will regularly attend seminars with topics of relevance to them in discharging their duties, updating their professional knowledge as well as coaching their subordinates.

The Board has reviewed the adequacy of resources, qualifications and experience of staff of the Group's accounting, internal audit and financial reporting functions, and their training programmes and budget during the year under review and considered that the Group has adequate of staff resources with qualifications and experience necessary for the effective performance of the Group's accounting, internal audit and financial reporting functions.

CORPORATE GOVERNANCE REPORT

DIVIDEND POLICY

The Board adopted a dividend policy in February 2019 pursuant to which the Board has the discretion to determine the declaration and payment of dividends to the Shareholders. The Board will take into account the following factors when considering the declaration and payment of dividends to the Shareholders:

- the Group's actual and expected financial performance;
- retained earnings and distributable reserves of the Company and each of the members of Group;
- the current and future operations, liquidity position and capital requirements of the Group;
- economic conditions and other internal or external factors that may have an impact on the business or financial performance and position of the Group;
- the Group's business strategies, including future cash commitments and investment needs to sustain the long-term growth aspect of the business;
- contractual restrictions on the payment of dividends by the Company to the Shareholders or by the subsidiaries to the Company, if any; and
- other factors that the Board deems relevant.

CONTINUOUS PROFESSIONAL DEVELOPMENT

On appointment to the Board, each Director receives a comprehensive induction package to ensure sufficient awareness of director's duties, responsibilities and obligations under the Listing Rules and other relevant regulatory requirements. The induction package shall cover the statutory and regulatory obligations as a director and the Group's business and operations.

During the year, all Directors have complied with the code provision in relation to continuous professional development. The Directors' knowledge and skills are continuously developed and refreshed by reading materials, webcast and guidelines on subjects relating to the Board's role in Environmental, Social and Governance (ESG) and the updates on ESG new requirements. The Company Secretary from time to time provided all Directors with relevant Directors' guides for their discharge of duties and updates on changes of relevant rules and regulations.

The records of the Directors' training during the year ended 30 June 2020 are as follows:

	Type of Training

CORPORATE GOVERNANCE REPORT

AUDITOR

For the year ended 30 June 2020, the external auditor, KPMG, received HK\$1,930,000 for audit services.

INSURANCE FOR DIRECTORS' AND OFFICERS' LIABILITY

There is in place appropriate insurance coverage on directors' and officers' liability in respect of legal action against Directors and officers of the Company.

MODEL CODE FOR SECURITIES TRANSACTIONS

The Company has adopted the Model Code for Securities Transactions by Directors of Listed Issuers as set out in Appendix 10 to the Listing Rules (the "Model Code") as its own code for Directors' dealings in securities of the Company.

Having made specific enquiries, the Company confirmed that each of the Directors has complied with the required standards during the year.

Employees who are likely to be in possession of inside information of the Company are also subject to compliance with guidelines on no less exacting terms than the Model Code.

INTERNAL PROCEDURES AND CONTROLS FOR DISSEMINATION OF INSIDE INFORMATION

There are internal procedures and controls for the handling and dissemination of inside information. The Group has adopted and implemented a Continuous Disclosure Policy since 22 February 2013. The Group discloses inside information to the public as soon as reasonably practicable unless the information falls within any of the safe harbors as provided in the Securities and Futures Ordinance. Before the information is fully disclosed to the public, the Group ensures the information is kept strictly confidential. If the Group believes that the necessary degree of confidentiality cannot be maintained or that confidentiality may have been breached, the Group would immediately disclose the information to the public. The Group is committed to ensure that information contained in announcement or circulars are not false or misleading as to a material fact, or false or misleading through the omission of a material fact in view of presenting information in a clear and balanced way, which requires equal disclosure of both positive and negative facts.

The Board is aware of the requirements under the Listing Rules about timely disclosure of inside information regarding the Company and will arrange to issue and publish such announcements as and when the occasions arise. The Company Secretary will consult and seek legal advice on the materiality and sensitivity of certain material and connected transactions and advise the Board accordingly.

COMPANY SECRETARY

The Company Secretary is an employee of the Company and has day-to-day knowledge of the Company's affairs. The Company Secretary reports to the Chairman and Chief Executive Officer and assists in the Company's issues.

The Company Secretary is responsible for ensuring that Board procedures are complied with and advises the Board on corporate governance and compliance matters.

The Directors have direct access to the Company Secretary. The selection, appointment or dismissal of the Company Secretary is approved by the Board.

The Company Secretary has taken no less than 15 hours of relevant professional training during the year under review.

CORPORATE GOVERNANCE REPORT

BUSINESS INTEGRITY

Maintaining the highest professional and ethical standards is central to the Group's core operating philosophy. The Group has formally adopted a code of conduct (the "Code of Conduct") addressing guiding principles governing conduct of Directors, management and employees. The Code is intended to establish standards of conduct encompassing the areas in which the business operates.

In summary, executives and employees of the Group are expected to:

- conduct business of the Group in full compliance with both the letter and spirit of the Law and of the Code of Conduct;
- maintain the highest possible standards in the way we operate and the way we treat our employees in order to satisfy the expectations of both the business and social communities;
- use confidential information properly;
- recognise and avoid conflicts of interest;
- protect the ownership of property of the Group, including information, products, rights and services; and
- conduct outside activities in a way which does not compromise the individual or the Group.

There is a reporting system for any code violations. The Board reviews the Code of Conduct and monitors its effective implementation periodically. There are also systems in place for risk assessment, risk identification and management, and timely corrective measures for sustainability and to nourish improvement for the business of the Group.

COMMUNICATIONS WITH THE INVESTMENT COMMUNITY

The Company is committed to maintaining a continuing open dialogue with institutional investors and analysts to facilitate understanding of the group's management, financial position, operations, strategy and plans.

The Chief Executive Officer and the Chief Financial Officer have the prime responsibility for these activities, with the Chief Executive Officer taking the lead in the period immediately following the interim and final results announcements. The Company endeavours to be responsive to the Company or business related matters.

COMMUNICATION WITH SHAREHOLDERS AND SHAREHOLDERS' RIGHTS

During the year under review, one annual general meeting (the "2019 AGM") and one special general meeting were held at which, the Chairman of the Board, the Chief Executive Officer, the Managing Director and the chairman or the members of respective Board committees attended the said meetings and were available to answer questions from shareholders of the Company (the "Shareholders").

The Company has adopted a "Shareholders Communication Policy", which is available on the Company's website, setting out the Company's procedures in providing the Shareholders and the investment community with ready, equal and timely access to balanced and understandable information about the Company, with a view to enabling the Shareholders to exercise their rights in an informed manner and to allow the Shareholders and the investment community to engage actively with the Company.

Under the Company's Bye-laws and the relevant policies and procedures of the Group, the Shareholders have, among others, the following rights:

CORPORATE GOVERNANCE REPORT

Procedures for shareholders to convene a special general meeting (“SGM”)

Shareholders holding not less than one-tenth of the paid-up capital of the Company can deposit a written request to the Board at both the principal office and registered office, for the attention of the Company Secretary, to convene a SGM.

The written request by shareholders must state the purposes of the meeting, signed by the Shareholders concerned and may consist of several documents in like form, each signed by one or more of those Shareholders.

The request will be verified with the Company’s Branch Share Registrar and upon their confirmation that the request is proper and in order, the Company Secretary will ask the Board of Directors to convene a SGM by serving sufficient notice in accordance with the statutory requirements to all the registered Shareholders. On the contrary, if the request has been verified as not in order, the Shareholders concerned will be advised of this outcome and accordingly, a SGM will not be convened as requested.

The notice period to be given to all the registered Shareholders for consideration of the proposal raised by the Shareholders concerned at a SGM varies according to the nature of the proposal. Details of procedures are set out in the Company’s website.

Procedures for sending enquiries to the Board

The enquiries must be in writing with the detailed contact information of the requisitionists and deposited with the Board or the Company Secretary at the Company’s principal office as set out in the Corporate Information of this report.

Procedures for shareholders to put forward proposals at general meetings

Shareholders holding not less than one-twentieth of the total voting rights of all Shareholders having the right to vote at the general meeting; or not less than 100 Shareholders holding shares in the Company, can submit a written request to move a resolution at the meeting.

The request will be verified with the Company’s Branch Share Registrar and upon their confirmation that the request is proper and in order, the Company Secretary will ask the Board of Directors to include the resolution in the agenda for the meeting provided that the Shareholders concerned have deposited a sum of money reasonably sufficient to meet the Company’s expenses in serving the notice of the resolution and circulating the statement submitted by the Shareholders concerned in accordance with the statutory requirements to all the registered Shareholders. Details of procedures are set out in the Company’s website.

CONSTITUTIONAL DOCUMENT

There is no change in the Memorandum of Association and Bye-laws of the Company during the year ended 30 June 2020. The aforesaid constitutional document is available for public inspection at the Company’s Website.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

ABOUT THIS REPORT

This environmental, social and governance Report (the “ESG Report”) was compiled in accordance with the Environmental, Social and Governance Reporting Guide (the “ESG Guide”) contained in Appendix 27 of the Rules Governing the Listing of Securities of The Stock Exchange of Hong Kong Limited.

The board of directors (the “Board”) recognises the importance of a robust environmental, social and governance performance in meeting the expectations of various stakeholders. The Board has taken overall responsibility for the Company’s ESG strategy and reporting and endorsement of this year’s ESG Report.

This report discusses information of our policy, efforts and achievements towards environmental, social and governance issues from 1 July 2019 to 30 June 2020 (the “Fiscal 2020”).

Profile and Scope

This report covers the activities of Top Form International Limited (the “Company”) and its principal subsidiaries (collectively “Top Form” or the “Group” or “our” or “we” or “us”). Top Form Brassiere Mfg. Co., Ltd (“Top Form Bra”) represents the brassiere manufacturing arm of Top Form and is the major principal subsidiary. The data disclosed in this report was captured from production plants in China, Thailand, Cambodia, Myanmar and all operating offices of the Group. We take into account the potential social and environmental impact of these principal subsidiaries and have made relevant adjustments of the disclosure content compare to our last published ESG report to reflect sustainability topics that are material to our stakeholders.

Report assurance

Data and case studies mentioned in this report originate from our internal documents. The Group confirms that this report does not contain false or misleading statements. The Group is responsible for the authenticity, accuracy and completeness of content of this report.

Contact

We highly appreciate and welcome feedback from our stakeholders on this report so that we may meet their interests and expectations more accurately in our next report. In case of any questions or comments, please contact us at query@topformbras.com.

VISION

It is Top Form’s vision to be the leading international apparel partner, from ideation to delivery, driven by insights and built on sustainable operations. Top Form employs over 7,000 people across China, Thailand, Cambodia and Myanmar, with our headquarters in Hong Kong. We provide end-to-end service, from material sourcing to finished garments, and our product category ranges from intimate apparel to functional sports bras. Our strong foothold in the competitive market stems from a combination of our products’ concept designs, which utilizes innovative technologies, and our multinational production base, which offers global logistics solutions.

MISSION

“Top Form strives to make a lasting positive impact through our actions, our relationships and the quality work we do”, and we deliver sustainable values to our key stakeholders by focusing on three corporate social responsibility pillars: Sustainable Manufacturing, Employer of Choice and Good Corporate Citizen.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

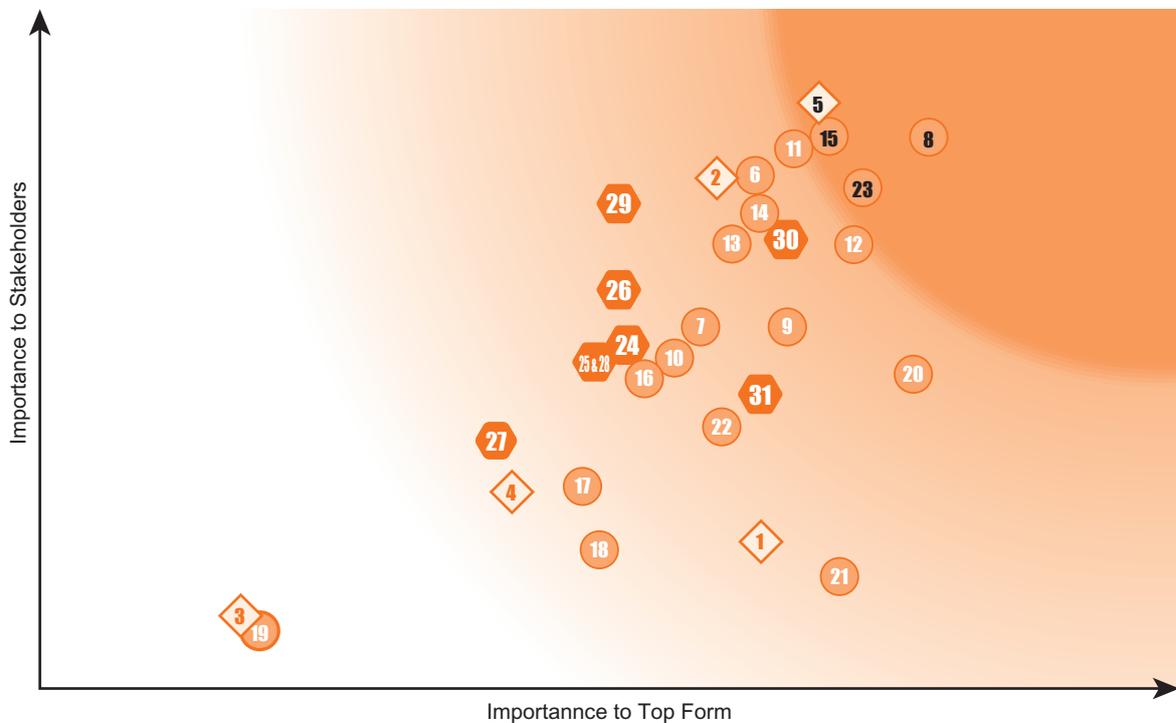

STAKEHOLDER ENGAGEMENT AND MATERIALITY ANALYSIS

We actively and regularly engage with internal and external stakeholders through different communication channels, ranging from daily business interactions to once-a-year announcements like our annual report. In this way, we can evaluate their needs and interests on a range of sustainability topics that could provide insight into improving our operations.

Following our stakeholder engagement in Fiscal 2019 and taking into account the results from our communication in Fiscal 2020, we identify and evaluate material issues by assessing the rating of the sustainability issues that matter most to our stakeholders and our business. These scores are multiplied to determine the overall significance of a specific issue. We have also increased the level of importance of stakeholders that have a larger impact on our business (customers, employees, suppliers and investors) to identify the most pressing material issues.

In this report, a material topic is one which may substantially affect our long-term operational viability or substantially influence the assessments and decisions of stakeholders. The material issues are summarized along three areas of key focus (Sustainable Manufacturing, Employer of Choice, and Good Corporate Citizen) and identified in bold in the table below. The details of our approach are presented in the following sections:

MATERIALITY MATRIX

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

EMPLOYMENT

At Top Form, our remuneration and benefits not only include local regulatory requirements such as contributions to social insurance and other legal standards, we also take into account market offers, time commitments, responsibilities and employment conditions to develop our remuneration packages. Each operating facilities has its own set of promotion and benefit policies to ensure that employee remuneration is based on performance.

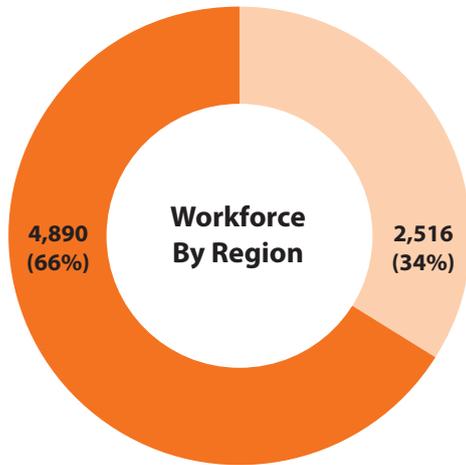

Compensation is also paid for work overtime according to local labour laws. Upon terminating any employees with dissatisfactory performance or of any other reasons, the Group pays the relevant dismissal compensation in accordance with their service contracts and the relevant laws and regulations.

We put great emphasis on treating every employee fairly and we fully comply with local requirements with respect to minimum age. In practice, our Human Resource Department follows the Code of Conduct and Labour Practice Policy to implement relevant procedures and training to ensure that we provide a work environment that offers equal opportunities to all employees and any discrimination with regards to age, gender or ethnicity is prohibited.

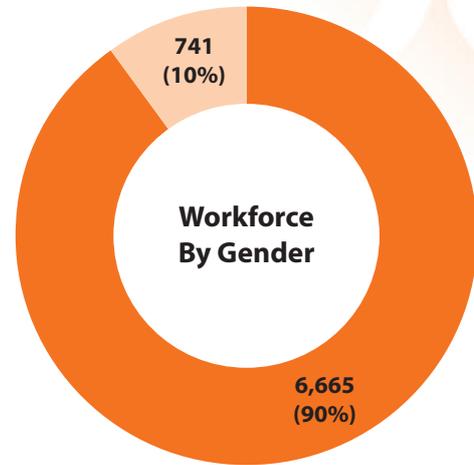

At Top Form, we take pride in the diversity of our talented people and believe that diverse teams make innovation possible. With over 15 nationalities employed into the Group, we continue to maintain an inclusive environment where all people are valued and respected.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

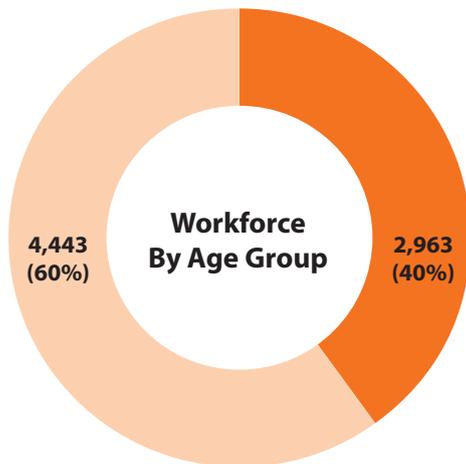

As at 30 June 2020, the Group employed a total of 7,406 employees¹.

² Overseas region includes Thailand, Cambodia and Myanmar.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

HEALTH AND SAFETY

Top Form conducts its operations in accordance with the industry standards and legal requirements of the countries in which it operates in order to provide a safe and healthy working environment for our employees. Environmental, Health and Safety (“EHS”) Policy is established to provide guideline to our operation leaders of the expectation of our working environment. In addition, the local EHS Committee meets regularly to review EHS matters such as self-audits results, past incidences and progress of corrective actions.

During the reporting year, there is no occupational fatality occurred and 14 lost day incidences has been recorded, which accounts to an average of 22 lost days per lost day incident. Lost day incidences are escalated to the Management Team within 24 hours of the incident follow up by an investigation report that outlines the root cause and the corrective action plan. All recordable occupational injuries are reviewed and discussed in monthly Operation Meeting with regional General Managers to ensure appropriate measures has been taken to prevent reoccurrence of similar incident in the future.

COVID-19

The coronavirus pandemic started at the beginning of 2020 has heavily impacted the health and safety of the people around the world. In response, Top Form strictly followed the guidelines and preventive measures issued by the local government and implemented a set of protocols at workplaces to minimize the risk of contracting and spreading COVID-19 which is summarized in below framework:

Administrations	COVID-19 Prevention Committee is formulated in each region to communicate and execute preventive measures to our workers. Office staffs are assigned to work from home alternatively to minimize social gathering.
Checks	Body temperature checks are conducted at least 2 times throughout the day in the factories. Anyone whose temperature is above 37.4 degrees Celsius are not allowed to enter work premise and will be advised to consult a doctor immediately. In Thailand, Human Resources will inform Centers for Disease Control and Prevention hotline to have further medical assistance.
Staff protection	Masks are provided daily for free to all workers. Wearing mask is required from entry of premises and throughout the work shift. Sufficient hand soap and sanitizer are available both in factory and office for all associates.
Social distancing	Production set up are rearranged so that workers are kept at least 1 meter apart during operating hours.
Disinfecting work area	Production floor are disinfected on daily basis.
Canteen Management	Lunch time is split into 4 sessions instead of 2 to minimize gathering in China. Boards are placed in between dining tables and staffs are not allowed to sit face to face to maintain a safe dining distance.
Quarantine	Anyone coming from high risk area and overseas must be quarantined 14 days before entering Top Form factories.

There was no confirmed cases in Top Form during reporting period.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

DEVELOPMENT AND TRAINING

Training is essential to maintain operation efficiency and support the professional development of our employees. During the reporting year, each associate received 3.5 training hours and all level of employees received trainings provided by the Group or external institutes. Not only do we provide basic orientation and job skill training to new associates, but a diverse set of vocational training is also provided to strengthen their knowledge in the garment manufacturing industry. We believe that our employees deserves the opportunity to grow without needing to make significant financial commitments, thus, we offer training sponsorships to employees with leadership roles to attend classes and workshops to continue their professional development.

Maintaining high level of transparency between management and employee is important, annually, we arrange staff briefing sessions at our headquarters or Shenzhen office and all factories with senior management team to review the operational performance and discuss the future prospects of the Company with department heads or managers.

The Group has a performance management system ("PMS") in place which provides an impartial, periodic and systemic evaluations for all levels of employees. The performance appraisal is open and encourages two-way communication where employees have the opportunity to speak with supervisors or managers related to career development and work achievements. The PMS is designed with the objectives to establish the basis for reward management and align individual performance and goals with the Group's long term business goals and values.

All Top Form associates received both internal and external trainings, and below table summarizes the average training hours per employee by gender and by employee category:

	Average training hours per employee
By gender	
Female	3.29 Hours
Male	5.29 Hours
By employee category	
Senior Management	1.2 Hours
Middle Management	2.5 Hours
General Staff	3.2 Hours

LABOUR STANDARDS

We maintain compliance with applicable labor laws, rules, and regulations or jurisdiction of the respective country in which our business unit operates.

Top Form is subject to various compliance audits by our customers, third party and local authorities on an annual basis, and we work closely with these external stakeholders to ensure we meet expected compliance requirements. Major production facilities in Top Form Bra have obtained Golden Certificate of Compliance of Worldwide Responsible Accredited Production (WRAP³), which recognises our plant's compliance with all accredited production principles.

The Group does not accept and prohibits the employment of either child or forced labor and it is outlined in our Labour Practice Policy. Our recruitment procedure verifies the age of job applicants to ensure the candidates are at least of the legal minimum working age.

During the Fiscal 2020, we did not receive any complaints regarding human rights, forced labor, or gender, underage and other types of discrimination within the Group.

³ The WRAP 12 principles are based on generally accepted international workplace standards, local laws and workplace regulations, and include the spirit or language of relevant conventions of the International Labor Organization (ILO). The Principles encompass human resources management, health and safety, environmental practices, and legal compliance including import/export and customs compliance and security standard.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

SUPPLY CHAIN MANAGEMENT

Implementing and managing a sustainable supply chain is a complex process that requires close collaboration between customers, garment manufacturers and our customers' nominated suppliers. An essential business value that Top Form delivers to our customer is the capacity to manage a global supply chain from end to end on their behalf, and we communicate regularly with our suppliers the importance of material quality to reduce waste and continuous to explore opportunities to work with suppliers that offer sustainable material.

87% of over 180 material suppliers (fabrics, foam, and accessories) are either OEKO-TEX® Standard or bluesign® certified, and our procurement team closely monitors the handful of suppliers who are not certified to ensure their products do not exceed customers' chemical requirements via third party lab tests. In addition, the Group has established procedures to screen and assess suppliers to ensure they are compliant with local social and environmental regulations and our internal Code of Conduct.

Percentage of suppliers by geographical region

PRODUCT RESPONSIBILITY

At Top Form, we obtained third party accreditation for raw material quality control process to ensure the raw material used in our products meet customers' requirements. Testing reports conducted by third party or accredited laboratory are demanded if deviation is discovered from the production standard.

Quality risk assessment process begins at development stage to set quality standards and identify quality control area before production. Quality assurance department in production conducts comprehensive quality check in accordance to internal procedures and guidelines. Training of quality standards and inspection procedures are routinely reviewed to ensure the bulk product complies with customers approved standards. Escalation procedure is established to address any quality issue raised from customer after delivery.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

Accreditations for product quality	Accredited by	Area of accreditation
Internal Laboratory	Customers via third party audit	Quality assurance of material and product
Production facilities: ✓ 2 factories in China ✓ 2 factories in Thailand ✓ 1 factory in Cambodia	OEKO-TEX® Standard 100	Our products have passed the OEKO-TEX® Standard 100 standard accreditation. The standard examines hazardous substances in textiles and guarantees the product's safety. It is a widely recognised quality assurance standard in the textile and garment industry.
Production facilities: ✓ 1 factory in China	Global Recycled Standard 4.0	Global Recycled Standard 4.0 certifies any product that contains at least 20% recycled material and facilities that meets the criteria for social and environmental principles in processing GRS certified products.

The Group respects the intellectual property rights such as design, printed logos, or artwork of our customers and it is critical to protect these assets to maintain trust and prevent customers from losses. Confidentially agreements are engaged both with our customers and employees to ensure confidential information are handled appropriately; and periodically, our facilities follow customer procedures to destruct left over production material that contains brand name or licenced logo to safeguard improper use.

ANTI-CORRUPTION

The Group strictly adheres to anti-corruption rules and regulations in the respective countries in which our business operates. Top Form is committed to conducting its business responsibly and professionally and our Code of Conduct contains information regarding bribery, anti-corruption, procedures of reporting suspected of violating the Code of Conduct, and we make every effort to keep the identity of the reporting staff confidential.

Top Form prohibits employees from engaging in any competing business, investment or activity that might pose a conflict between individual interests and those of the Group. Our employees are required to complete a Conflict of Interest Statement to declare any existing or potential conflict of interest situations. Employees are responsible for declaring any financial directly or indirectly related to the Group such as their immediate family has personal contract or agreement of any nature with Top Form's suppliers, contractors or customers in order to prevent any potential misconduct.

No incident of corruption occurred during the reporting period.

COMMUNITY INVESTMENT

Top Form continuously engages and enhances the wellbeing of the communities where we operate via sponsorships, charitable donations and a wide range of community service activities. In this fiscal year, our charitable donations funded institutions that supports elderly and children's health, and volunteers from different regions helped underprivileged young children, people with disabilities and paying visits to the elderly throughout the year. The Group contributed a total of 1,200 volunteer hours and in the sum of approximately HK\$66,000 in charitable donation.

EMISSIONS/THE ENVIRONMENT AND NATURAL RESOURCES

At Top Form, we recognise the importance of environmental stewardship in all our business operations and persistently modernize our operation processes to improve efficiency and reduce our environmental impact.

Environmental assessment is conducted by third party on regular bases to ensure our operations comply with local with applicable environmental laws, rules and regulations.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

Electricity accounts to 93% of our carbon emission and we strive to reduce our energy consumption across the Group through energy efficient activities such as exchanging and gradually phasing out our clutch motors to more energy efficient servo motors to reduce energy consumption. This enhancement represents an energy savings of up to 80% over clutch motors per sewing machine; T8 fluorescent lighting tubes has been replaced by T5 reflectors lighting tubes that consumes 50% less energy per tube. We also remind employees to turn off lights, computer monitors and air conditioning if they are not in use.

Production sites adopted Higg	
<ul style="list-style-type: none"> ✓ 1 factory in China ✓ 1 factory in Thailand 	<p>The Higg Index is a set of indicator-based self-assessment tools that measures sustainability performance of different environment categories. It was developed by the Sustainable Apparel Coalition (SAC), an organization of global apparel and footwear leaders working together to reduce the environmental impact of the industry.</p>

Since Top Form operates in the apparel manufacturing business, our main operating waste is the generation of material scrap such as fabric and foam. We make every effort to reduce, reuse and recycle in order to minimize the impact on landfills by enhancing the utilization rate of raw materials and sorting appropriate scrap and reuse them for cleaning.

The total non-hazardous waste by waste type and the respective handling method during the year are as follows:

Non-hazardous waste: 1,509 tonnes

Waste Type	% of total Non-hazardous waste	Handling method
Production waste (i.e. fabric and foam scraps)	67%	Collected or sold to licensed enterprise
Carton boxes from material goods	12%	
Others: Domestic waste	21%	Collected by certified enterprise for transport to landfill

Clean fabric scraps are collected and sorted, and donated to the local villagers to upcycle the scraps to floor mats and cleaning rags for their own use or sell in local markets. Operators collect fabric scraps to make small cushions. Carton boxes from material good are often re-used for other parcel deliveries, warehouse storage or scrap bins.

The total hazardous waste produce is 13 tonnes, which are mainly empty glue barrels and hardener cans and account to less than 1% of our total waste and it is collected by licensed enterprise. Regular repair and maintenance are done to reduce wastage by limiting leakage during operation.

USE OF RESOURCES

Our key production process includes fabric lamination, heat press moulding, raw material cutting, sewing and packaging. Our operation does not consume water in significant quantities and we considered the total water consumption was minimal during the year. No polluting process, such as dyeing and enzyme washing, is involved, and we do not have programs for enhancing water efficiencies and no issue in sourcing water.

The major resource consumed during our manufacturing process is electricity, which accounts for nearly 93% of the Group's total carbon emissions. We have continued to seek alternative energy sources such as solar to reduce the reliance on purchasing electricity for our operation.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

Other resources such as water, LPG, diesel and petrol are used for non-production activities such as sanitation, backup power generation, canteen operations and company vehicles.

To reduce the demand for air-conditioning, water cooling system is installed in our production floor combining large exhausted fans to help lower the temperature of the working environment by delivering cool breeze from the wet perforated curtains, and the water is pumped and circulated back within the system.

Material (including packaging) has a low priority level in the result of materiality assessment and the Group decided not to disclose this information.

ENVIRONMENTAL KPI⁴

The greenhouse gas ("GHG") emissions include direct GHG emissions (Scope 1) and energy indirect GHG emissions (Scope 2). The environmental key performance indicators ("KPIs") relating to the Group's operation during the Fiscal 2020 are shown in the table below:

		Emission Quantity
Total GHG emission (Scope 1 + Scope 2)		10,621
Scope 1	Tonnes CO ₂ eq	601
Scope 2		10,020

China and overseas facilities represents 37% and 63% of the Group total GHG emissions respectively.

	Emission Source	Emission item	Emission Quantity (Tonnes CO ₂ eq)
GHG emissions from stationary combustion sources	LPG	CO ₂	8.6
	Diesel Oil		7.7
GHG emissions from mobile combustion sources	Diesel, Petrol	CO ₂	568
HCFC & HFC emissions for refrigeration/air-conditioning		HFC	17
Energy indirect emissions			10,020

	Resources	Unit	Emission Quantity
Energy consumption	Electricity	kWh in '000s	16,787
	Diesel (mobile combustion)		1,845
	Petrol (mobile combustion)		233
	LPG (stationary combustion)		39
	Total energy intensity	kWh/HK\$ revenue	0.015

⁴ Our operation does not involve significant air emissions of NOX, SOX, N2O, CH4 or other pollutions to the environment and thus those figures are not disclosed in the report.

INDEPENDENT AUDITOR'S REPORT

**Independent auditor's report to the shareholders of
Top Form International Limited**
(Incorporated in Bermuda with limited liability)

OPINION

We have audited the consolidated financial statements of Top Form International Limited ("the Company") and its subsidiaries (together "the Group") set out on pages 45 to 110, which comprise the consolidated statement of financial position as at 30 June 2020, the consolidated statement of profit or loss, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated cash flow statement for the year then ended and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 30 June 2020 and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSA") issued by the HKICPA. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the Group in accordance with the HKICPA's *Code of Ethics for Professional Accountants* ("the Code") together with any ethical requirements that are relevant to our audit of the consolidated financial statements in Bermuda, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

INDEPENDENT AUDITOR'S REPORT

KEY AUDIT MATTERS – CONTINUED

Valuation of inventories

Refer to note 16 to the consolidated financial statements and the accounting policies in note 2(f) to the financial statements.

The Key Audit Matter

At 30 June 2020, the Group's gross inventories totalled HK\$208.0 million. A provision for excessive and obsolete inventories of HK\$27.6 million was recorded as at year-end date against these inventories.

Management identify obsolete inventories based on their physical conditions, the expected usage or sales based on estimated future customer demands and the sales orders status of the individual inventories. Taking into account all of these factors, management estimates the expected magnitude of write-offs required and records a provision for inventories accordingly.

We identified assessing the valuation of inventories as a key audit matter because of the inherent risk that the Group's inventories may become obsolete and because the judgement exercised by management in determining the appropriate provision for inventories involves management's assessment of factors which can be inherently uncertain.

How the matter was addressed in our audit

Our audit procedures to assess the valuation of inventories included the following:

- evaluating the Group's policy for provision for inventories with reference to the requirements of the prevailing accounting standards;
- assessing whether the calculation of the provision for inventories at the reporting date was consistent with the Group's inventory provision policy by recalculating the provision for inventories based on the percentages and other parameters in the Group's inventory provision policy;
- evaluating whether management have appropriately identified obsolete inventories by selecting samples of inventory items from the Group's inventory report. For those samples selected, tracing whether these inventory items have confirmed sales orders attached by inspecting the corresponding underlying sales supporting documents. For those samples selected without sales orders, discussing with management and assessing whether sufficient inventory provision has been made by management;
- enquiring of management about any expected changes in plans for production and forecast sales trends and comparing their representations with actual sales and inventory movements subsequent to the reporting date; and
- assessing the historical accuracy of management's estimation of inventory provisions by examining (1) the utilisation or release of previously recorded inventory provisions during the current year and (2) the write-offs of inventories during the current year which were not provided for at the end of the preceding financial year.

INDEPENDENT AUDITOR'S REPORT

KEY AUDIT MATTERS – CONTINUED

Assessing potential impairment of property, plant and equipment

Refer to note 11 to the consolidated financial statements and the accounting policies in note 2(d) to the financial statements.

The Key Audit Matter

In view of the loss sustained by the Group during the current year, management considered that indicators of potential impairment of property, plant and equipment existed as at 30 June 2020.

In assessing whether impairment existed at the reporting date, management determined the recoverable amount of the smallest cash generating unit ("CGU") to which these assets were allocated. The recoverable amount of a CGU is the greater of its value in use and the fair value less costs of disposal of the related assets.

In order to determine the recoverable amount of each of the CGUs for which indicators of impairment were identified, management prepared a value in use calculation using a discounted cash flow forecast.

The discounted cash flow forecasts used to assess impairment were based on a number of assumptions which required the exercise of significant management judgement, in particular in estimating future revenue, cost of direct materials, staff costs and fixed costs and the discount rate applied.

We identified assessing potential impairment of property, plant and equipment as a key audit matter because of the potential significance of any impairment charge to the results of the Group for the year and because forecasting future cash flows can be inherently subjective and require significant management judgement and estimation which increase the risk of error or potential management bias.

How the matter was addressed in our audit

Our audit procedures to assess the potential impairment of property, plant and equipment included the following:

- challenging the Group's impairment assessment model, which included assessing the impairment indicators identified by management, the identification of CGUs and the allocation of assets to each of the CGUs with reference to the requirements of the prevailing accounting standards;
- engaging our internal valuation specialists to assist us in assessing the methodology applied by management in its discounted cash flow forecasts with reference to the requirements of the prevailing accounting standards;
- challenging the key assumptions adopted by management in the preparation of the discounted cash flow forecasts by comparing the most significant inputs in the discounted cash flow forecasts, including future revenue, cost of direct materials, staff costs and fixed costs, with the historical performance, industry reports and other available third party information;
- engaging our internal valuation specialists to assist us in assessing the discount rate applied in the discounted cash flow forecasts by referencing to available financial information of other listed companies in the same industry and considering region and CGU specific risk premiums; and
- performing a sensitivity analysis of the discount rate, revenue, cost of direct materials and staff costs in the discounted cash flow forecasts and considering the resulting impact on the impairment charge for the year and whether there were any indicators of management bias.

INDEPENDENT AUDITOR'S REPORT

INFORMATION OTHER THAN THE CONSOLIDATED FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The directors are responsible for the other information. The other information comprises all the information included in the annual report, other than the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF THE DIRECTORS FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The directors are assisted by the Audit Committee in discharging their responsibilities for overseeing the Group's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. This report is made solely to you, as a body, in accordance with Section 90 of the Bermuda Companies Act 1981, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with HKSAAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.

INDEPENDENT AUDITOR'S REPORT

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS – CONTINUED

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence and, where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the Audit Committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Cheng Mei Yan Hilary.

Analysis of the balances of cash and cash equivalents			
Bank balances and cash		122,903	95,269

Note: The Group has initially applied HKFRS 16 at 1 July 2019 using the modified retrospective approach to recognise right-of-use assets and lease liabilities relating to leases which were previously classified as operating leases under HKAS 17. Previously, cash payments under operating leases made by the Group as a lessee of \$20,819,000 were classified as operating activities in the consolidated cash flow statement. Under HKFRS 16, except for short-term lease payments, payments for leases of low-value assets and variable lease payments not included in the measurement of lease liabilities, all other rentals paid on leases are now split into capital element and interest element (see note 18(b)) and classified as financing cash outflows. Under the modified retrospective approach, the comparative information is not restated. See note 2(a).

The notes on pages 52 to 110 form part of these financial statements.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

1 GENERAL

The Company is incorporated in Bermuda as an exempted company with limited liability and its shares are listed on The Stock Exchange of Hong Kong Limited (the "Hong Kong Stock Exchange"). The addresses of the registered office and principal place of business of the Company are disclosed in the section of corporate information of the annual report.

The Company is an investment holding company. Its principal subsidiaries are engaged in the design, manufacture and distribution of ladies' intimate apparel, principally brassieres.

The consolidated financial statements are presented in Hong Kong dollars ("HK\$"), which is different from the functional currency of the Company, being United States dollars ("USD"). As the Company is a public company with shares listed on the Hong Kong Stock Exchange and most of its investors are located in Hong Kong, the directors consider that HK\$ is preferable in presenting the operating results and financial position of the Group.

2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES

The consolidated financial statements for the year ended 30 June 2020 comprise the Company and its subsidiaries (together referred to as the "Group") and the Group's interest in a joint venture.

These financial statements have been prepared in accordance with all applicable Hong Kong Financial Reporting Standards ("HKFRSs"), which collective term includes all applicable individual Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards ("HKASs") and Interpretations issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA"), accounting principles generally accepted in Hong Kong and the disclosure requirements of the Hong Kong Companies Ordinance. The financial statements also comply with the applicable disclosure provisions of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "Listing Rules"). Significant accounting policies adopted by the Group are disclosed below.

The HKICPA has issued certain new and revised HKFRSs that are first effective or available for early adoption for the current accounting period of the Group. Note 2(a) provides information on any changes in accounting policies resulting from initial application of these developments to the extent that they are relevant to the Group for the current and prior accounting periods reflected in these financial statements.

The consolidated financial statements have been prepared on the historical cost basis except for a derivative financial instrument, other financial assets and certain properties that are measured at fair values, as explained in the accounting policies set out below.

The preparation of financial statements in conformity with HKFRSs requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Judgements made by management in the application of HKFRSs that have significant effect on the financial statements and major sources of estimation uncertainty are discussed in note 3.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

(a) Changes in accounting policies

The HKICPA has issued a new HKFRS, HKFRS 16, *Leases*, and a number of amendments to HKFRSs that are first effective for the current accounting period of the Group.

Except for HKFRS 16, *Leases*, none of the developments have had a material effect on how the Group's results and financial position for the current or prior periods have been prepared or presented. The Group has not applied any new standard or interpretation that is not yet effective for the current accounting period.

HKFRS 16, *Leases*

HKFRS 16 replaces HKAS 17, *Leases*, and the related interpretations, HK(IFRIC) 4, *Determining whether an arrangement contains a lease*, HK(SIC) 15, *Operating leases – incentives*, and HK(SIC) 27, *Evaluating the substance of transactions involving the legal form of a lease*. It introduces a single accounting model for lessees, which requires a lessee to recognise a right-of-use asset and a lease liability for all leases, except for leases that have a lease term of 12 months or less ("short-term leases") and leases of low-value assets. The lessor accounting requirements are brought forward from HKAS 17 substantially unchanged.

HKFRS 16 also introduces additional qualitative and quantitative disclosure requirements which aim to enable users of the financial statements to assess the effect that leases have on the financial position, financial performance and cash flows of an entity.

The Group has initially applied HKFRS 16 as from 1 July 2019. The Group has elected to use the modified retrospective approach. Comparative information has not been restated and continues to be reported under HKAS 17.

Further details of the nature and effect of the changes to previous accounting policies and the transition options applied are set out below:

a. New definition of a lease

The change in the definition of a lease mainly relates to the concept of control. HKFRS 16 defines a lease on the basis of whether a customer controls the use of an identified asset for a period of time, which may be determined by a defined amount of use. Control is conveyed where the customer has both the right to direct the use of the identified asset and to obtain substantially all of the economic benefits from that use.

The Group applies the new definition of a lease in HKFRS 16 only to contracts that were entered into or changed on or after 1 July 2019. For contracts entered into before 1 July 2019, the Group has used the transitional practical expedient to grandfather the previous assessment of which existing arrangements are or contain leases. Accordingly, contracts that were previously assessed as leases under HKAS 17 continue to be accounted for as leases under HKFRS 16 and contracts previously assessed as non-lease service arrangements continue to be accounted for as executory contracts.

b. Lessee accounting and transitional impact

HKFRS 16 eliminates the requirement for a lessee to classify leases as either operating leases or finance leases, as was previously required by HKAS 17. Instead, the Group is required to capitalise all leases when it is the lessee, including leases previously classified as operating leases under HKAS 17, other than those short-term leases and leases of low-value assets which are exempt. As far as the Group is concerned, these newly capitalised leases are primarily in relation to property, plant and equipment as disclosed in note 27. For an explanation of how the Group applies lessee accounting, see note 2(g)(i).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

(a) Changes in accounting policies – continued

b. Lessee accounting and transitional impact – continued

At the date of transition to HKFRS 16 (i.e. 1 July 2019), the Group determined the length of the remaining lease terms and measured the lease liabilities for the leases previously classified as operating leases at the present value of the remaining lease payments, discounted using the relevant incremental borrowing rates at 1 July 2019. The weighted average of the incremental borrowing rates used for determination of the present value of the remaining lease payments was 4%.

To ease the transition to HKFRS 16, the Group applied the following recognition exemption and practical expedients at the date of initial application of HKFRS 16:

- (i) the Group elected not to apply the requirements of HKFRS 16 in respect of the recognition of lease liabilities and right-of-use assets to leases for which the remaining lease term ends within 12 months from the date of initial application of HKFRS 16, i.e. where the lease term ends on or before 30 June 2020; and
- (ii) when measuring the lease liabilities at the date of initial application of HKFRS 16, the Group applied a single discount rate to a portfolio of leases with reasonably similar characteristics (such as leases with a similar remaining lease term for a similar class of underlying asset in a similar economic environment).

The following table reconciles the operating lease commitments as disclosed in note 27 as at 30 June 2019 to the opening balance for lease liabilities recognised as at 1 July 2019:

	1 July 2019 \$'000
Operating lease commitments at 30 June 2019	49,674
Less: commitments relating to leases exempt from capitalisation:	
– short-term leases and other leases with remaining lease term ending on or before 30 June 2020	(9,288)
– leases of low-value assets	(433)
	39,953
Less: total future interest expenses	(2,723)
Present value of remaining lease payments, discounted using the incremental borrowing rate at 1 July 2019	37,230
Add: finance lease liabilities recognised as at 30 June 2019	66
Total lease liabilities recognised at 1 July 2019	37,296

The right-of-use assets in relation to leases previously classified as operating leases have been recognised at an amount equal to the amount recognised for the remaining lease liabilities, adjusted by the amount of any prepaid or accrued lease payments relating to that lease recognised in the consolidated statement of financial position at 30 June 2019. As such, there is no adjustment to the opening balance of equity at 1 July 2019.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

(a) Changes in accounting policies – continued

b. Lessee accounting and transitional impact – continued

So far as the impact of the adoption of HKFRS 16 on leases previously classified as finance leases is concerned, the Group is not required to make any adjustments at the date of initial application of HKFRS 16, other than changing the captions for the balances. Accordingly, instead of “obligations under finance leases”, these amounts are included within “lease liabilities”, and the depreciated carrying amount of the corresponding leased assets is identified as right-of-use assets. There is no impact on the opening balance of equity.

The following table summarises the impacts of the adoption of HKFRS 16 on the Group’s consolidated statement of financial position:

	Carrying amount at 30 June 2019 \$'000	Capitalisation of operating lease contracts \$'000	Carrying amount at 1 July 2019 \$'000
Line items in the consolidated statement of financial position impacted by the adoption of HKFRS 16:			
Property, plant and equipment	137,642	38,662	176,304
Prepaid land lease payments (non-current)	1,384	(1,384)	–
Total non-current assets	306,897	37,278	344,175
Prepaid land lease payments (current)	48	(48)	–
Current assets	512,571	(48)	512,523
Lease liabilities (current)	66	10,814	10,880
Current liabilities	257,167	10,814	267,981
Net current assets	255,404	(10,862)	244,542
Total assets less current liabilities	562,301	26,416	588,717
Lease liabilities (non-current)	–	26,416	26,416
Total non-current liabilities	39,119	26,416	65,535
Net assets	523,182	–	523,182

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

(b) Subsidiaries and non-controlling interests

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. When assessing whether the Group has power, only substantive rights (held by the Group and other parties) are considered.

An investment in a subsidiary is consolidated into the consolidated financial statements from the date that control commences until the date that control ceases. Intra-group balances, transactions and cash flows and any unrealised profits arising from intra-group transactions are eliminated in full in preparing the consolidated financial statements. Unrealised losses resulting from intra-group transactions are eliminated in the same way as unrealised gains but only to the extent that there is no evidence of impairment.

Non-controlling interests represent the equity in a subsidiary not attributable directly or indirectly to the Company, and in respect of which the Group has not agreed any additional terms with the holders of those interests which would result in the Group as a whole having a contractual obligation in respect of those interests that meets the definition of a financial liability. For each business combination, the Group can elect to measure any non-controlling interests either at fair value or at the non-controlling interests' proportionate share of the subsidiary's net identifiable assets.

Non-controlling interests are presented in the consolidated statement of financial position within equity, separately from equity attributable to the equity shareholders of the Company. Non-controlling interests in the results of the Group are presented on the face of the consolidated statement of profit or loss and the consolidated statement of profit or loss and other comprehensive income as an allocation of the total profit or loss and total comprehensive income for the year between non-controlling interests and the equity shareholders of the Company.

Changes in the Group's interests in a subsidiary that do not result in a loss of control are accounted for as equity transactions, whereby adjustments are made to the amounts of controlling and non-controlling interests within consolidated equity to reflect the change in relative interests, but no adjustments are made to goodwill and no gain or loss is recognised.

When the Group loses control of a subsidiary, it is accounted for as a disposal of the entire interest in that subsidiary, with a resulting gain or loss being recognised in profit or loss. Any interest retained in that former subsidiary at the date when control is lost is recognised at fair value and this amount is regarded as the fair value on initial recognition of a financial asset or, when appropriate, the cost on initial recognition of an investment in an associate or a joint venture (see note 2(c)).

In the Company's statement of financial position, an investment in a subsidiary is stated at cost less impairment losses (see note 2(o)(ii)).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

(c) Joint venture

A joint venture is an arrangement whereby the Group or Company and other parties contractually agree to share control of the arrangement, and have rights to the net assets of the arrangement.

An investment in a joint venture is accounted for in the consolidated financial statements under the equity method, unless it is classified as held for sale (or included in a disposal group that is classified as held for sale). Under the equity method, the investment is initially recorded at cost, adjusted for any excess of the Group's share of the acquisition-date fair values of the investee's identifiable net assets over the cost of the investment (if any). Thereafter, the investment is adjusted for the post acquisition change in the Group's share of the investee's net assets and any impairment loss relating to the investment. Any acquisition-date excess over cost, the Group's share of the post-acquisition, post-tax results of the investees and any impairment losses for the year are recognised in the consolidated statement of profit or loss, whereas the Group's share of the post-acquisition post-tax items of the investees' other comprehensive income is recognised in the consolidated statement of profit or loss and other comprehensive income.

When the Group's share of losses exceeds its interest in the joint venture, the Group's interest is reduced to nil and recognition of further losses is discontinued except to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the investee. For this purpose, the Group's interest is the carrying amount of the investment under the equity method together with the Group's long-term interests that in substance form part of the Group's net investment in the joint venture.

Unrealised profits and losses resulting from transactions between the Group and its joint venture are eliminated to the extent of the Group's interest in the investee, except where unrealised losses provide evidence of an impairment of the asset transferred, in which case they are recognised immediately in profit or loss.

(d) Property, plant and equipment

The following items of property, plant and equipment are stated at cost less accumulated depreciation and impairment losses (see note 2(o)(ii)):

- leasehold land and buildings held for own use;
- right-of-use assets arising from leases over freehold or leasehold properties where the Group is not the registered owner of the property interest; and
- items of plant and equipment

Gains or losses arising from the retirement or disposal of an item of property, plant and equipment are determined as the difference between the net disposal proceeds and the carrying amount of the item and are recognised in profit or loss on the date of retirement or disposal. Any related revaluation surplus is transferred from the revaluation reserve to retained profits and is not reclassified to profit or loss.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

(d) Property, plant and equipment – continued

Depreciation is calculated to write off the cost or valuation of items of property, plant and equipment, less their estimated residual value, if any, using the straight-line method over their estimated useful lives as follows:

- Freehold land is not depreciated.
- Buildings situated on freehold land are depreciated over their estimated useful life, being no more than 50 years after the date of completion.
- Land and buildings Over the shorter of the term of the lease, or 2% – 6.5%
- Other properties leased for own use Over the unexpired term of leases
- Leasehold improvements Over the shorter of the term of the lease, or 20%
- Furniture, fixtures and equipment 10% – 33%
- Motor vehicles 20% – 30%

Where parts of an item of property, plant and equipment have different useful lives, the cost or valuation of the item is allocated on a reasonable basis between the parts and each part is depreciated separately. Both the useful life of an asset and its residual value, if any, are reviewed annually.

(e) Investment properties

Investment properties are properties held to earn rentals and/or for capital appreciation.

Investment properties are initially measured at cost, including any directly attributable expenditure. Subsequent to initial recognition, investment properties are measured at their fair values. Gains or losses arising from changes in the fair value of investment properties are included in profit or loss for the period in which they arise.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from its disposals. Any gain or loss arising on derecognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the profit or loss in the period in which the item is derecognised.

(f) Inventories

Inventories are stated at the lower of cost and net realisable value. Costs of inventories are calculated using the weighted average method and comprises all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition.

Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

When inventories are sold, the carrying amount of those inventories is recognised as an expense in the period in which the related revenue is recognised. The amount of any write-down of inventories to net realisable value and all losses of inventories are recognised as an expense in the period the write-down or loss occurs. The amount of any reversal of any write-down of inventories is recognised as a reduction in the amount of inventories recognised as an expense in the period in which the reversal occurs.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

(g) Leased assets

At inception of a contract, the Group assesses whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Control is conveyed where the customer has both the right to direct the use of the identified asset and to obtain substantially all of the economic benefits from that use.

(i) As a lessee

(A) Policy applicable from 1 July 2019

At the lease commencement date, the Group recognises a right-of-use asset and a lease liability, except for short-term leases that have a lease term of 12 months or less and leases of low-value assets which, for the Group are primarily office equipment. When the Group enters into a lease in respect of a low-value asset, the Group decides whether to capitalise the lease on a lease-by-lease basis. The lease payments associated with those leases which are not capitalised are recognised as an expense on a systematic basis over the lease term.

Where the lease is capitalised, the lease liability is initially recognised at the present value of the lease payments payable over the lease term, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, using a relevant incremental borrowing rate. After initial recognition, the lease liability is measured at amortised cost and interest expense is calculated using the effective interest method. Variable lease payments that do not depend on an index or rate are not included in the measurement of the lease liability and hence are charged to profit or loss in the accounting period in which they are incurred.

The right-of-use asset recognised when a lease is capitalised is initially measured at cost, which comprises the initial amount of the lease liability plus any lease payments made at or before the commencement date, and any initial direct costs incurred. The right-of-use asset is subsequently stated at cost less accumulated depreciation and impairment losses (see notes 2(d) and 2(o)(ii)), except for right-of-use assets that meet the definition of investment property are carried at fair value in accordance with note 2(e).

The lease liability is remeasured when there is a change in future lease payments arising from a change in an index or rate, or there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee, or there is a change arising from the reassessment of whether the Group will be reasonably certain to exercise a purchase, extension or termination option. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Group presents right-of-use assets that do not meet the definition of investment property in 'other property, plant and equipment' and presents lease liabilities separately in the statement of financial position.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

(g) Leased assets – continued

(i) As a lessee – continued

(B) Policy applicable prior to 1 July 2019

An arrangement, comprising a transaction or a series of transactions, was or contained a lease if the Group determined that the arrangement conveyed a right to use a specific asset or assets for an agreed period of time in return for a payment or a series of payments. Such a determination was made based on an evaluation of the substance of the arrangement and was regardless of whether the arrangement took the legal form of a lease.

Operating lease payments were charged to profit or loss in equal instalments over the lease term.

Lease incentives received were to enter into operating leases, such incentives were recognised as a liability. Lease incentives received were recognised in profit or loss as an integral part of the aggregate net lease payments made.

Lease prepayments were recognised in the consolidated statement of financial position and the classification was made according to their characteristics:

Leasehold land and building

When a lease included both land and building elements, the Group assessed the classification of each element as a finance or an operating lease separately based on the assessment as to whether substantially all the risks and rewards incidental to ownership of each element had been transferred to the Group, unless it was clear that both elements were operating leases in which case the entire lease was classified as operating lease. Specifically, the minimum lease payments (including any lump-sum upfront payments) were allocated between the land and the building elements in proportion to the relative fair values of the leasehold interests in the land element and building element of the lease at the inception of the lease.

To the extent the allocation of the lease payments could be made reliably, interest in leasehold land that was accounted for as an operating lease was presented as “prepaid land lease payments” in the consolidated statement of financial position and was amortised over the lease term on a straight-line basis. When the lease payments could not be allocated reliably between the land and building elements, the entire lease was generally classified as a finance lease and accounted for as “land and buildings” under property, plant and equipment.

Other rental prepayments

Other rental prepayments for operating leases were recognised at cost and amortised as an expense on a straight-line basis over the lease term and were presented as “prepaid rental payments” in the consolidated statement of financial position.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

(g) Leased assets – continued

(ii) As a lessor

When the Group acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease. A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to the ownership of an underlying assets to the lessee. If this is not the case, the lease is classified as an operating lease.

When a contract contains lease and non-lease components, the Group allocates the consideration in the contract to each component on a relative stand-alone selling price basis. The rental income from operating leases is recognised in accordance with note 2(u)(ii).

(h) Foreign currencies

In preparing the financial statements of each individual group entity, transactions in currencies other than the functional currency of that entity (foreign currencies) are recorded in the respective functional currency (i.e. the currency of the primary economic environment in which the entity operates) at the rates of exchange prevailing on the dates of the transactions. At the end of the reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on the settlement of monetary items, and on the translation of monetary items, are recognised in profit or loss in the period in which they arise. Exchange differences arising on the retranslation of non-monetary items carried at fair value are included in profit or loss for the period.

For the purposes of presenting the consolidated financial statements, the assets and liabilities of the Group's foreign operations are translated into the presentation currency of the Group (i.e. Hong Kong dollars) using exchange rate prevailing at the end of the reporting period. Income and expenses items are translated at the average exchange rates for the year, unless exchange rates fluctuate significantly during the period, in which case, the exchange rates prevailing at the dates of transactions are used.

Exchange differences arising, if any, are recognised in other comprehensive income and accumulated in equity under the heading of translation reserve (attributed to non-controlling interests as appropriate). On disposal of a foreign operation, the cumulative amount of exchange differences relating to that foreign operation is reclassified from equity to profit or loss.

(i) Borrowing costs

Borrowing costs that are directly attributable to the acquisition, construction or production of an asset which necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of that asset. Other borrowing costs are expensed in the period in which they are incurred.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

(j) Employee benefits

(i) Short-term employee benefits and contributions to defined contribution retirement plans

Salaries, annual bonuses, paid annual leaves, contributions to defined contribution retirement plans, including the Mandatory Provident Fund Scheme is accrued in the year in which the associated services are rendered by employees. Where payment or settlement is deferred and the effect would be material, these amounts are stated at their present values.

(ii) Long service payments

The Group's net obligations in respect of long service payments are the amounts of future benefits that employees have earned in return for their services in the current and prior periods, calculated in accordance with the relevant laws.

(iii) Share-based payments

The fair value of share options granted to employees is recognised as an employee cost with a corresponding increase in a capital reserve within equity. The fair value is measured at grant date using the Black-Scholes Option Pricing model, taking into account the terms and conditions upon which the options were granted. Where the employees have to meet vesting conditions before becoming unconditionally entitled to the options, the total estimated fair value of the options is spread over the vesting period, taking into account the probability that the options will vest.

During the vesting period, the number of share options that is expected to vest is reviewed. Any resulting adjustment to the cumulative fair value recognised in prior years is charged/credited to the profit or loss for the year of the review, unless the original employee expenses qualify for recognition as an asset, with a corresponding adjustment to the capital reserve. On vesting date, the amount recognised as an expense is adjusted to reflect the actual number of options that vest (with a corresponding adjustment to the capital reserve) except where forfeiture is only due to not achieving vesting conditions that relate to the market price of the Company's shares. The equity amount is recognised in the capital reserve until either the option is exercised (when it is included in the amount recognised in share capital for the shares issued) or the option expires (when it is released directly to retained profits).

(k) Termination benefits

Termination benefits are recognised at the earlier of when the Group can no longer withdraw the offer of those benefits and when it recognises restructuring costs involving the payment of termination benefits.

(l) Taxation

Income tax for the year comprises current tax payable and movements in deferred tax assets and liabilities.

Current tax is the expected tax payable on the taxable income for the year. Taxable income differs from "profit before taxation" as reported in the consolidated statement of profit or loss because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are permanently non-taxable or non-deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period, and any adjustment to tax payable in respect of previous years.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax base used in the computation of taxable income. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences and unusual tax losses and tax credits to the extent that it is probable that taxable profits will be available against which those deductible temporary differences and unusual tax losses and tax credits can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from the initial recognition of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

(l) Taxation – continued

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and is reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow the related tax benefit to be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax is recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

For the purposes of measuring deferred tax liabilities or deferred tax assets for investment properties that are measured using the fair value model, the carrying amounts of such properties are presumed to be recovered entirely through sale, unless the presumption is rebutted. The presumption is rebutted when the investment property is depreciable and is held within a business model whose objective is to consume substantially all of the economic benefits embodied in the investment property over time, rather than through sale. If the presumption is rebutted, deferred tax liabilities and deferred tax assets for such investment properties are measured in accordance with the above general principles based on the expected manner as to how the properties will be recovered. The Group has rebutted the presumption for all its investment properties.

Current tax balances and deferred tax balances, and movements therein, are presented separately from each other and are not offset. Current tax assets are offset against current tax liabilities, and deferred tax assets against deferred tax liabilities, if the Company or the Group has the legally enforceable right to set off current tax assets against current tax liabilities and the following additional conditions are met:

- in the case of current tax assets and liabilities, the Company or the Group intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously; or
- in the case of deferred tax assets and liabilities, if they relate to income taxes levied by the same taxation authority on either:
 - the same taxable entity; or
 - different taxable entities, which, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered, intend to realise the current tax assets and settle the current tax liabilities on a net basis or realise and settle simultaneously.

(m) Investments in equity securities

The Group's policies for investments in equity securities, other than investments in subsidiaries and joint ventures, are set out below:

Investments in equity securities are recognised/derecognised on the date the Group commits to purchase/sell the investment. The investments are initially stated at fair value plus directly attributable transaction costs, except for those investments measured at fair value through profit or loss ("FVPL") for which transaction costs are recognised directly in profit or loss. For an explanation of how the Group determines fair value of financial instruments, see note 25(c). These investments are subsequently accounted for as follows, depending on their classification.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

(m) Investments in equity securities – continued

An investment in equity securities is classified as FVPL unless the equity investment is not held for trading purposes and on initial recognition of the investment the Group makes an election to designate the investment at fair value through other comprehensive income (“FVOCI”) (non-recycling) such that subsequent changes in fair value are recognised in other comprehensive income. Such elections are made on an instrument-by-instrument basis, but may only be made if the investment meets the definition of equity from the issuer’s perspective. Where such an election is made, the amount accumulated in other comprehensive income remains in the investment revaluation reserve (non-recycling) until the investment is disposed of. At the time of disposal, the amount accumulated in the investment revaluation reserve (non-recycling) is transferred to retained earnings. It is not recycled through profit or loss.

(n) Derivative financial instrument

Derivative financial assets are recognised initially at fair value. At the end of each reporting period the fair value is remeasured. The gain or loss on remeasurement to fair value is recognised immediately in profit or loss.

(o) Credit losses and impairment of assets

(i) Credit losses from financial instruments

The Group recognises a loss allowance for expected credit losses (“ECLs”) on financial assets measured at amortised cost (including cash and cash equivalents and trade and other receivables).

Financial assets measured at fair value, including derivative financial assets and other financial assets, are not subject to the ECL assessment.

Measurement of ECLs

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all expected cash shortfalls (i.e. the difference between the cash flows due to the Group in accordance with the contract and the cash flows that the Group expects to receive).

The expected cash shortfalls are discounted using the following discount rates where the effect of discounting is material:

- fixed-rate financial assets, trade and other receivables: effective interest rate determined at initial recognition or an approximation thereof;
- variable-rate financial assets: current effective interest rate;

The maximum period considered when estimating ECLs is the maximum contractual period over which the Group is exposed to credit risk.

In measuring ECLs, the Group takes into account reasonable and supportable information that is available without undue cost or effort. This includes information about past events, current conditions and forecasts of future economic conditions.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

(o) Credit losses and impairment of assets – continued

(i) Credit losses from financial instruments – continued

Measurement of ECLs – continued

ECLs are measured on either of the following bases:

- 12-month ECLs: these are losses that are expected to result from possible default events within the 12 months after the reporting date; and
- lifetime ECLs: these are losses that are expected to result from all possible default events over the expected lives of the items to which the ECL model applies.

Loss allowances for trade receivables are always measured at an amount equal to lifetime ECLs. ECLs on these financial assets are estimated using a provision matrix based on the Group's historical credit loss experience, adjusted for factors that are specific to the debtors and an assessment of both the current and forecast general economic conditions at the reporting date.

ECLs are remeasured at each reporting date with any changes recognised as an impairment gain or loss in profit or loss. The Group recognises an impairment gain or loss with a corresponding adjustment to the carrying amount of trade and other receivables through a loss allowance account.

Except for trade receivables that are measured at FVOCI, the Group recognises an impairment gain or loss in profit or loss for all financial instruments by adjusting their carrying amount, with the exception of trade receivables where the corresponding adjustment is recognised through a loss allowance account. For trade receivables that are measured at FVOCI, the loss allowance is recognised in OCI and accumulated in FVOCI reserve without reducing the carrying amount of the receivables. Such amount represents the changes in the FVOCI reserve in relation to accumulated loss allowance.

For all other financial instruments, the Group recognises a loss allowance equal to 12-month ECLs unless there has been a significant increase in credit risk of the financial instrument since initial recognition, in which case the loss allowance is measured at an amount equal to lifetime ECLs.

Significant increases in credit risk

In assessing whether the credit risk of a financial instrument has increased significantly since initial recognition, the Group compares the risk of default occurring on the financial instrument assessed at the reporting date with that assessed at the date of initial recognition. In making this reassessment, the Group considers that a default event occurs when (i) the borrower is unlikely to pay its credit obligations to the Group in full, without recourse by the Group to actions such as realising security (if any is held); or (ii) the financial asset is 90 days past due. The Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort.

In particular, the following information is taken into account when assessing whether credit risk has increased significantly since initial recognition:

- failure to make payments of principal or interest on their contractually due dates;
- an actual or expected significant deterioration in a financial instrument's external or internal credit rating (if available);
- an actual or expected significant deterioration in the operating results of the debtor; and
- existing or forecast changes in the technological, market, economic or legal environment that have a significant adverse effect on the debtor's ability to meet its obligation to the Group.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

(o) Credit losses and impairment of assets – continued

(i) Credit losses from financial instruments – continued

Significant increases in credit risk – continued

Depending on the nature of the financial instruments, the assessment of a significant increase in credit risk is performed on either an individual basis or a collective basis. When the assessment is performed on a collective basis, the financial instruments are grouped based on shared credit risk characteristics, such as past due status and credit risk ratings.

ECLs are remeasured at each reporting date to reflect changes in the financial instrument's credit risk since initial recognition. Any change in the ECL amount is recognised as an impairment gain or loss in profit or loss. The Group recognises an impairment gain or loss for all financial instruments with a corresponding adjustment to their carrying amount through a loss allowance account.

Write-off policy

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Group determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off.

Subsequent recoveries of an asset that was previously written off are recognised as a reversal of impairment in profit or loss in the period in which the recovery occurs.

On derecognition of trade receivables at FVOCI, the cumulative gain or loss previously accumulated in FVOCI reserve is classified to profit or loss.

If any such indication exists, the asset's recoverable amount is estimated.

– Calculation of recoverable amount

The recoverable amount of an asset is the greater of its fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Where an asset does not generate cash inflows largely independent of those from other assets, the recoverable amount is determined for the smallest group of assets that generates cash inflows independently (i.e. a cash-generating unit).

– Recognition of impairment losses

An impairment loss is recognised in profit or loss if the carrying amount of an asset, or the cash-generating unit to which it belongs, exceeds its recoverable amount. Impairment losses recognised in respect of cash-generating units are allocated to reduce the carrying amount of the assets in the unit (or group of units) on a pro rata basis, except that the carrying value of an asset will not be reduced below its individual fair value less costs of disposal (if measurable) or value in use (if determinable).

– Reversals of impairment losses

An impairment loss is reversed if there has been a favourable change in the estimates used to determine the recoverable amount.

A reversal of an impairment loss is limited to the asset's carrying amount that would have been determined had no impairment loss been recognised in prior years. Reversals of impairment losses are credited to profit or loss in the year in which the reversals are recognised.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

(o) Credit losses and impairment of assets – continued

(ii) Impairment of other non-current assets

Internal and external sources of information are reviewed at the end of each reporting period to identify indications that the following assets may be impaired or an impairment loss previously recognised no longer exists or may have decreased:

- property, plant and equipment, including right-of-use assets (other than properties carried at revalued amounts);
- investments in subsidiaries and a joint venture in the Company's statement of financial position.

If any such indication exists, the asset's recoverable amount is estimated.

- Calculation of recoverable amount

The recoverable amount of an asset is the greater of its fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Where an asset does not generate cash inflows largely independent of those from other assets, the recoverable amount is determined for the smallest group of assets that generates cash inflows independently (i.e. a cash-generating unit).

- Recognition of impairment losses

An impairment loss is recognised in profit or loss if the carrying amount of an asset, or the cash-generating unit to which it belongs, exceeds its recoverable amount. Impairment losses recognised in respect of cash-generating units are allocated to reduce the carrying amount of the assets in the unit (or group of units) on a pro rata basis, except that the carrying value of an asset will not be reduced below its individual fair value less costs of disposal (if measurable) or value in use (if determinable).

- Reversals of impairment losses

An impairment loss is reversed if there has been a favourable change in the estimates used to determine the recoverable amount.

A reversal of an impairment loss is limited to the asset's carrying amount that would have been determined had no impairment loss been recognised in prior years. Reversals of impairment losses are credited to profit or loss in the year in which the reversals are recognised.

(iii) Interim financial reporting and impairment

Under the Listing Rules, the Group is required to prepare an interim financial report in compliance with HKAS 34, *Interim financial reporting*, in respect of the first six months of the financial year. At the end of the interim period, the Group applies the same impairment testing, recognition, and reversal criteria as it would at the end of the financial year (see note 2(o)).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

(p) Trade and other receivables

(i) Trade and other receivables at amortised cost

A receivable is recognised when the Group has an unconditional right to receive consideration. A right to receive consideration is unconditional if only the passage of time is required before payment of that consideration is due. If revenue has been recognised before the Group has an unconditional right to receive consideration, the amount is presented as a contract asset.

Receivables are stated at amortised cost using the effective interest method less allowance for credit losses (see note 2(o)(i)).

(ii) Trade receivables at FVOCI (recycling)

Trade receivables at FVOCI (recycling) are stated at fair value. Subsequent changes in the carrying amounts for trade receivables classified as at FVOCI (recycling) as a result of interest income calculated using the effective interest method, and foreign exchange gains and losses are recognised in profit or loss. All other changes in the carrying amount of these trade receivables are recognised in other comprehensive income (“OCI”) and accumulated under the heading of FVOCI reserve. Impairment allowances are recognised in profit or loss with corresponding adjustment to OCI without reducing the carrying amounts of these trade receivables. When these trade receivables are derecognised, the cumulative gains or losses previously recognised in OCI are reclassified to profit or loss.

(q) Interest-bearing borrowings

Interest-bearing borrowings are measured initially at fair value less transaction costs. Subsequent to initial recognition, interest-bearing borrowings are stated at amortised cost using the effective interest method. Interest expense is recognised in accordance with the Group’s accounting policy for borrowing costs (see note 2(i)).

(r) Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand, demand deposits with banks and other financial institutions, and short-term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value, having been within three months of maturity at acquisition. Bank overdrafts that are repayable on demand and form an integral part of the Group’s cash management are also included as a component of cash and cash equivalents for the purpose of the consolidated cash flow statement. Cash and cash equivalents are assessed for ECL in accordance with the policy set out in note 2(o)(i).

(s) Trade and other payables

Trade and other payables are initially recognised at fair value and are subsequently stated at amortised cost unless the effect of discounting would be immaterial, in which case they are stated at cost.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

(t) Provisions and contingent liabilities

Provisions are recognised when the Group or the Company has a legal or constructive obligation arising as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made. Where the time value of money is material, provisions are stated at the present value of the expenditure expected to settle the obligation.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

(u) Revenue and other income

Income is classified by the Group as revenue when it arises from the sale of goods in the ordinary course of the Group's business.

Revenue is recognised when control over a product is transferred to the customer, at the amount of promised consideration to which the Group is expected to be entitled, excluding those amounts collected on behalf of third parties. Revenue excludes value added tax or other sales taxes and is after deduction of any trade discounts.

Further details of the Group's revenue and other income recognition policies are as follows:

(i) Sale of goods

Revenue arising from the sale of ladies' intimate apparel is recognised when the goods are delivered and titles have passed, which is taken to be the point in time when the customer has accepted the goods and obtained the control of the goods. Revenue excludes value added tax or other sales taxes and is after deduction of any trade discounts.

(ii) Rental income from operating leases

Rental income receivable under operating leases is recognised in profit or loss in equal instalments over the periods covered by the lease term, except where an alternative basis is more representative of the pattern of benefits to be derived from the use of the leased asset. Lease incentives granted are recognised in profit or loss as an integral part of the aggregate net lease payments receivable.

(iii) Interest income

Interest income is recognised as it accrues under the effective interest method using the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of the financial asset.

(iv) Government grants

Government grants are recognised in the statement of financial position initially when there is reasonable assurance that they will be received and that the Group will comply with the conditions attaching to them. Grants that compensate the Group for expenses incurred are recognised as income in profit or loss on a systematic basis in the same periods in which the expenses are incurred.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

(v) Related parties

- (a) A person, or a close member of that person's family, is related to the Group if that person:
 - (i) has control or joint control over the Group;
 - (ii) has significant influence over the Group; or
 - (iii) is a member of the key management personnel of the Group or the Group's parent.
- (b) An entity is related to the Group if any of the following conditions applies:
 - (i) The entity and the Group are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
 - (ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
 - (iii) Both entities are joint ventures of the same third party.
 - (iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.
 - (v) The entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group.
 - (vi) The entity is controlled or jointly controlled by a person identified in (a).
 - (vii) A person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).
 - (viii) The entity, or any member of a group of which it is a part, provides key management personnel services to the Group or to the Group's parent.

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity.

(w) Segment reporting

Operating segments, and the amounts of each segment item reported in the financial statements, are identified from the financial information provided regularly to the Group's most senior executive management for the purposes of allocating resources to, and assessing the performance of, the Group's various lines of business and geographical locations.

Individually material operating segments are not aggregated for financial reporting purposes unless the segments have similar economic characteristics and are similar in respect of the nature of products and services, the nature of production processes, the type or class of customers, the methods used to distribute the products or provide the services, and the nature of the regulatory environment. Operating segments which are not individually material may be aggregated if they share a majority of these criteria.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

3 KEY SOURCES OF ESTIMATION UNCERTAINTY

The following are the key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities in the next financial year.

(a) Allowance of inventories

The Group makes allowance for inventories based on an assessment of the net realisable value of inventories. Allowances are applied to inventories where events or changes in circumstances indicate that the net realisable value is lower than the cost of inventories or that the inventories have no further use. The Group has a concentration of risk with the top five customers domiciled in the United States of America ("USA") and Europe comprising 85% (2019: 87%) of the Group's total revenue. Any further adverse changes in the economic environment of the USA and Europe may impact demand for the Group's products and the net realisable value of the inventory. The allowance also depends on management's assessment of the condition and usefulness of the inventories. Where the expectation of the net realisable value or use of inventories is different from the original estimate, such difference will impact the carrying value of inventories and the allowance of inventories in the consolidated statement of profit or loss.

(b) Impairment of property, plant and equipment

The Group performs annual impairment assessment on the carrying amount of property, plant and equipment when indication of impairment is identified to determine whether there is objective evidence of impairment. The recoverable amount is the higher of fair value less costs of disposal and its value in use. The management determines the recoverable amount of the relevant cash generating unit ("CGU") based on the basis of the value in use calculation which requires the Group to estimate the future cash flows expected to arise from the CGU and a suitable discount rate. Where the future cash flows are less or more than expected, or there are changes in facts and circumstances which result in revisions of the estimated future cash flows, further impairment loss or reversal of impairment loss may arise.

(c) Depreciation

The Group's property, plant and equipment are depreciated using the straight-line method over their estimated useful lives as outlined in note 2(d) of the consolidated financial statements.

The Group reviews the useful lives of these assets and their residual values, if any, on an annual basis. Any material changes in the estimated useful lives will result in significant changes to depreciation expense to be incurred for future periods.

4 REVENUE AND SEGMENT INFORMATION

Revenue represents the sale value of goods and is within the scope of HKFRS 15, *Revenue from contracts with customers*. The Group manages its business as a single unit and, accordingly, the manufacturing and sale of ladies' intimate apparel is the only reportable segment and virtually all of the revenue and operating profits is derived from this business segment. The consolidated financial statements are already presented in a manner consistent with the way in which information is reported internally to the Company's executive directors, being the chief operating decision maker, for the purposes of resources allocation and operating performance review.

The chief operating decision maker regularly assesses available production capacity on a plant by plant basis, however, no discrete financial information is available for each plant for the purpose of resources allocation and operating performance review. The chief operating decision maker reviews financial information on a consolidated basis. Accordingly, no separate business segment information is disclosed.

The accounting policies adopted for the preparation of the financial information reviewed by the executive directors are the same as those adopted in preparing the Group's financial statements. Segment revenue is the consolidated revenue of the Group. Segment profit or loss is the consolidated profit or loss after taxation.

All the Group's segment assets and liabilities are under the only reportable segment as at 30 June 2020 and 2019.

The Group has applied practical expedient in paragraph 121 of HKFRS 15 to exempt the disclosure of revenue expected to be recognised in the future arising from contracts with customers in existence at the reporting date to its revenue from sales of goods as the performance obligation is part of a contract that has an original expected duration of one year or less.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

4 REVENUE AND SEGMENT INFORMATION – CONTINUED

(a) Geographical information

The following table sets out information about the geographical location of (i) the Group's revenue from external customers and (ii) the Group's property, plant and equipment, prepaid land lease payments, investment properties, interest in a joint venture and prepayments and deposits ("specified non-current assets"). The geographical location of customers is based on the location to which the goods are delivered.

	Revenue from external customers		Specified non-current assets	
	2020	2019	2020	2019
	\$'000	\$'000	\$'000	(Note) \$'000
Hong Kong	9,454	16,408	29,261	9,026
USA	919,610	823,054	–	–
Belgium	77,603	102,807	–	–
The Netherlands	34,316	38,403	–	–
Spain	43,200	33,705	–	–
France	32,520	40,773	–	–
Sri Lanka	34,173	45,042	3,885	–
Canada	14,112	45,712	–	–
The People's Republic of China ("PRC")	28,334	20,230	201,030	215,783
Germany	16,704	25,826	–	–
Italy	3,267	3,376	–	–
Mexico	7,027	9,588	–	–
Thailand	–	–	144,637	76,578
Cambodia	–	–	5,781	3,495
Myanmar	–	–	7,423	–
Others	16,339	20,478	–	–
	1,236,659	1,225,402	392,017	304,882

Note: The Group has initially applied HKFRS 16 using the modified retrospective approach. Under this approach, the comparative information is not restated. See note 2(a).

(b) Information about major customers

Revenue from customers contributing over 10% of the total revenue of the Group are as follows:

	2020	2019
	\$'000	\$'000
Customer A	408,469	217,345
Customer B	382,500	548,364
Customer C*	124,587	N/A

* Revenue from this customer was less than 10% of the Group's total revenue for the year ended 30 June 2019.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

5 OTHER NET INCOME

	2020 \$'000	2019 \$'000
Gross rental income from investment properties	8,123	7,019
Government grants	2,196	398
Fair value (loss)/gain on investment properties	(5,319)	1,125
Fair value loss on derivative financial instrument	(612)	(785)
Interest income	470	1,291
Sample income	525	1,156
Others	3,383	3,921
	8,766	14,125

6 LOSS BEFORE TAXATION

Loss before taxation has been arrived at after charging/(crediting):

	2020 \$'000	2019 (Note) \$'000
(a) Finance costs		
Interest expense on bank borrowings	1,919	248
Interest on lease liabilities	1,363	16
Other bank charges	2,177	223
	5,459	487

Note: The Group has initially applied HKFRS 16 using the modified retrospective approach. Under this approach, the comparative information is not restated. See note 2(a).

	2020 \$'000	2019 \$'000
(b) Staff costs		
Staff costs, including directors' emoluments (Note)	458,309	516,052
Equity-settled share-based payment expenses	380	–
Provision for retirement benefits obligations	1,156	1,122
Severance payments	2,284	15,566
(Reversal of over-provision)/provision for social security contributions	(149)	8,041
	461,980	540,781

Note: Details of directors' emoluments included in staff costs are disclosed in note 7. Staff costs included amounts in respect of defined contribution retirement benefit schemes contributions of \$29,309,000 (2019: \$32,966,000).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

6 LOSS BEFORE TAXATION – CONTINUED

	2020 \$'000	2019 \$'000
(c) Other items		
Auditors' remuneration	1,929	2,075
Depreciation charges		
– owned property, plant and equipment	27,858	28,147
– right-of-use assets (Note)	16,880	–
Impairment loss on trade receivables	3,140	–
Allowance for obsolete inventories (included in cost of sales)	13,254	8,050
Release of prepaid land lease payments (Note)	–	48
Loss on disposal of property, plant and equipment	1,063	140
Total minimum lease payments for leases previously classified as operating lease under HKAS 17 (Note)	–	20,819
Cost of inventories recognised as an expense	1,043,057	1,019,269
Net exchange loss/(gain)	3,807	(6,150)
Expense relating to short-term leases and other leases with remaining lease term ending on or before 30 June 2020	6,391	–
Expense relating to leases of low-value assets	159	–

Note: The Group has initially applied HKFRS 16 using the modified retrospective approach and adjusted the opening balances at 1 July 2019 to recognise right-of-use assets relating to leases which were previously classified as operating leases under HKAS 17. The depreciated carrying amount of the finance lease assets which were previously included in property, plant and equipment is also identified as a right-of-use asset. After initial recognition of right-of-use assets at 1 July 2019, the Group as a lessee is required to recognise the depreciation of right-of-use assets, instead of the previous policy of recognising rental expenses incurred under operating leases on a straight-line basis over the lease term. Under this approach, the comparative information is not restated. See note 2(a).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

7 DIRECTORS' AND EMPLOYEES' EMOLUMENTS

(a) Directors

Details of emoluments paid or payable by the Group to the directors (including non-executive directors) disclosed pursuant to section 383 of the Hong Kong Companies Ordinance and Part 2 of the Companies (Disclosure of Information about Benefits of Directors) Regulation are as follows:

	2020 \$'000	2019 \$'000
Fees to non-executive directors	1,267	1,467
Remuneration to executive directors:		
– Salaries and other benefits	8,287	8,812
– Retirement benefit scheme contributions	54	54
– Share-based payments	26	–
Total directors' emoluments	9,634	10,333

	For the year ended 30 June 2020				Total \$'000
	Fees \$'000	Salaries and other benefits \$'000	Share- based payments \$'000	Retirement benefit scheme contributions \$'000

7 DIRECTORS' AND EMPLOYEES' EMOLUMENTS – CONTINUED

(a) Directors – continued

	For the year ended 30 June 2019			
	Fees \$'000	Salaries and other benefits \$'000	Retirement benefit scheme contributions \$'000	Total \$'000
Wong Chung Chong	–	3,412	18	3,430
Wong Kai Chung, Kevin	–	2,700	18	2,718
Wong Kai Chi, Kenneth	–	2,700	18	2,718
Fung Wai Yiu	200	–	–	200
Lucas A.M. Laureys	200	–	–	200
Herman Van de Velde	200	–	–	200
Leung Churk Yin, Jeanny	200	–	–	200
Marvin Bienenfeld (Retired on 31 October 2018)	67	–	–	67
Chow Yu Chun, Alexander	200	–	–	200
Leung Ying Wah, Lambert	200	–	–	200
Lin Sun Mo, Willy	200	–	–	200
	1,467	8,812	54	10,333

None of the directors waived any emoluments during either year.

(b) Employees

Of the five individuals with the highest emoluments in the Group, three (2019: three) were directors of the Company whose emoluments are included in the disclosure above. The emoluments of the remaining two (2019: two) individuals were as follows:

	2020 \$'000	2019 \$'000
Salaries and other benefits	4,154	3,728
Discretionary bonus	1,640	1,351
Retirement benefit scheme contributions	36	30
Share-based payments	229	–
	6,059	5,109

The emoluments were within the following bands:

	Number of individuals	
	2020	2019
\$2,000,001 – \$2,500,000	–	1
\$2,500,001 – \$3,000,000	1	1
\$3,000,001 – \$3,500,000	1	–
	2	2

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

8 INCOME TAX

	2020 \$'000	2019 \$'000
Current tax:		
Hong Kong	2,001	92
Other jurisdictions	101	1,261
	2,102	1,353
Withholding tax on dividend income:		
Other jurisdictions	–	357
Under/(over) provision of current tax in prior years:		
Hong Kong	–	(289)
Other jurisdictions	477	(297)
	477	(586)
Deferred taxation (note 24)		
Reversal and origination of temporary differences	(4,359)	2,258
	(1,780)	3,382

The provision for Hong Kong Profits Tax for 2020 is calculated at 16.5% (2019: 16.5%) of the estimated assessable profits for the year, except for one subsidiary of the Group which is a qualifying corporation under the two-tiered Profits Tax rate regime.

For this subsidiary, the first \$2 million of assessable profits are taxed at 8.25% and the remaining assessable profits are taxed at 16.5%. The provision for Hong Kong Profits Tax for this subsidiary was calculated at the same basis in 2019.

Under the Law of the PRC on Enterprise Income Tax (the "EIT Law") and Implementation Regulation of the EIT Law, the tax rate of the PRC subsidiaries is 25%.

Taxation arising in other jurisdictions is calculated at the rates prevailing in the respective jurisdictions.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

8 INCOME TAX – CONTINUED

The tax expense for the year is reconciled to the loss before taxation per the consolidated statement of profit or loss as follows:

	2020 \$'000	2019 \$'000
Loss before taxation	(79,306)	(59,409)
Tax at the Hong Kong Profits Tax rates	(13,246)	(9,803)
Tax effect of expenses not deductible for tax purposes	2,057	706
Tax effect of income not taxable for tax purposes	(1,331)	(1,094)
Tax effect of tax losses not recognised	11,890	13,300
Tax effect of utilisation of tax losses previously not recognised	(2,348)	(1,743)
Tax effect of reversal of tax losses previously recognised	–	1,180
Tax effect of temporary differences not recognised	605	149
Under/(over) provision in prior years	477	(586)
Effect of different tax rates of subsidiaries operating in other jurisdictions	116	916
Withholding tax in subsidiaries operating in other jurisdictions	–	357
Income tax (credit)/expense for the year	(1,780)	3,382

9 DIVIDENDS

	2020 \$'000	2019 \$'000
Dividends recognised as distribution during the year:		
2018 final dividend of \$0.05 per share	–	10,752

The board of directors has resolved not to declare a final dividend for the year ended 30 June 2020 and 2019.

10 LOSS PER SHARE

(a) Basic loss per share

The calculation of basic loss per share attributable to equity shareholders of the Company is based on the following data:

	2020 \$'000	2019 \$'000
Loss attributable to equity shareholders of the Company for the purpose of computing basic loss per share	(77,235)	(61,224)
	Number of shares	
	2020	2019
Number of ordinary shares for the purpose of computing basic loss per share	215,037,625	215,037,625

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

10 LOSS PER SHARE – CONTINUED

(b) Diluted loss per share

Diluted loss per share for the year ended 30 June 2020 is same as the basic loss per share as the share options outstanding during the year had an anti-dilutive effect on the basic loss per share. There are no dilutive potential ordinary shares for the year ended 30 June 2019.

-----------------	--------	--------	---	--------	--------	-----	-------	---------

Note: The Group has initially applied HKFRS 16 using the modified retrospective method and adjusted the opening balances at 1 July 2019 to recognise right-of-use assets relating to leases which were previously classified as operating leases under HKAS 17. See note 2(a).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

11 PROPERTY, PLANT AND EQUIPMENT – CONTINUED

(a) Right-of-use assets

The analysis of the net book value of right-of-use assets by class of underlying asset is as follows:

	Notes	30 June 2020 \$'000	1 July 2019 \$'000
Ownership interests in leasehold land and buildings held for own use, carried at depreciated cost in Hong Kong, with remaining lease term of:			
– between 10 and 50 years		6	6
Ownership interests in leasehold land and buildings held for own use, carried at depreciated cost outside Hong Kong, with remaining lease term of:			
– 50 years or more		2,663	2,787
– between 10 and 50 years		19,758	17,617
	(i)	22,427	20,410
Other properties leased for own use, carried at depreciated cost	(ii)	32,326	36,157
Motor vehicles, carried at depreciated cost	(iii)	2,209	1,299
		34,535	37,456
Ownership interests in leasehold investment property, carried at fair value, with remaining lease term of:			
– between 10 and 50 years		132,467	143,017
		189,429	200,883

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

11 PROPERTY, PLANT AND EQUIPMENT – CONTINUED

(a) Right-of-use assets – continued

The analysis of expense items in relation to leases recognised in profit or loss is as follows:

	2020	2019
	\$'000	(Note) \$'000
Depreciation charge of right-of-use assets by class of underlying asset:		
Ownership interests in leasehold land and buildings	3,750	3,221
Other properties leased for own use	12,495	–
Motor vehicles	635	–
	16,880	3,221
Interest on lease liabilities (note 6(a))	1,363	16
Expense relating to short-term leases and other leases with remaining lease term ending on or before 30 June 2020	6,391	–
Expense relating to leases of low-value assets, excluding short-term leases of low-value assets	159	–
Total minimum lease payments for leases previously classified as operating leases under HKAS 17	–	20,819

Note: The Group has initially applied HKFRS 16 using the modified retrospective approach and adjusted the opening balances at 1 July 2019 to recognise right-of-use assets relating to leases which were previously classified as operating leases under HKAS 17. The depreciated carrying amount of the finance lease assets which were previously included in property, plant and equipment is also identified as a right-of-use asset. After initial recognition of right-of-use assets at 1 July 2019, the Group as a lessee is required to recognise the depreciation of right-of-use assets, instead of the previous policy of recognising rental expenses incurred under operating leases on a straight-line basis over the lease term. Under this approach, the comparative information is not restated. See note 2(a).

During the year, additions to right-of-use assets were \$16,501,000. This amount primarily related to the capitalised lease payments payable under new tenancy agreements.

Details of total cash outflow for leases and the maturity analysis of lease liabilities are set out in notes 18(c) and 21 respectively.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

11 PROPERTY, PLANT AND EQUIPMENT – CONTINUED

(a) Right-of-use assets – continued

(i) Ownership interests in leasehold land and buildings held for own use

The Group holds several industrial buildings as factories where its manufacturing facilities are primarily located. The Group is the registered owner of these property interests, including the whole or part of undivided share in the underlying land. Lump sum payments were made upfront to acquire the right-of-use, and there are no ongoing payments to be made under the terms of the land lease, other than payments based on rateable values set by the relevant government authorities. These payments vary from time to time and are payable to the relevant government authorities.

(ii) Other properties leased for own use

The Group has obtained the right to use other properties as its warehouses and factories through tenancy agreements. The leases typically run for an initial period of three to fifteen years.

(iii) Motor vehicles

The Group leases motor vehicles under leases expiring from one to four years. None of the leases includes variable lease payments.

(b) Transfer from land and buildings to investment properties

During the year ended 30 June 2019, due to the change of use, part of the Group's land and buildings with net book value of \$1,233,000 was transferred to investment properties. Upon the date of transfer, the fair value was determined by directors with reference to the professional valuations using income approach and were categorised as Level 3 fair value measurement as defined in HKFRS 13, *Fair value measurement*. As a result, revaluation surplus of \$57,501,000 was recognised in other comprehensive income. No transfer is made during the year ended 30 June 2020.

12 PREPAID LAND LEASE PAYMENTS

	2020	2019
	\$'000	(Note) \$'000
Analysed for reporting purposes as:		
Current asset	–	48
Non-current asset	–	1,384
	–	1,432
The Group's prepaid land lease payments comprise:		
Leasehold land outside Hong Kong:		
– Medium-term lease	–	1,432

Note: The Group has initially applied HKFRS 16 at 1 July 2019 using the modified retrospective approach. Under this approach, the comparative information is not restated. See note 2(a).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

13 INVESTMENT PROPERTIES

	2020 \$'000	2019 \$'000
Fair value		
At beginning of the year	143,017	86,705
Currency realignment	(5,231)	(3,547)
Transfer from land and buildings to investment properties (note 11(b))	–	58,734
Fair value (loss)/gain on investment properties	(5,319)	1,125
At end of the year	132,467	143,017

The fair value of the Group's investment properties at 30 June 2020 have been arrived at on the basis of a valuation carried out on the respective dates by AVISTA Group, an independent qualified professional valuer not connected with the Group. The valuation was arrived at using the investment approach by taking into account the current passing rents of the properties being held under existing tenancies and the reversionary potential of the tenancies if they have been or would be let to tenant.

All of the Group's property interests held under operating leases to earn rentals or for capital appreciation purposes are measured using the fair value model and are classified and accounted for as investment properties.

Investment properties shown above amounted to \$132,467,000 (2019: \$143,017,000) are situated on land outside of Hong Kong on medium-term lease.

Fair value hierarchy

The following table presents the fair value of the Group's properties measured at the end of the reporting period on a recurring basis, categorised into the three-level fair value hierarchy as defined in HKFRS 13, *Fair value measurement*. The level into which a fair value measurement is classified is determined with reference to the observability and significance of the inputs used in the valuation technique as follows:

- Level 1 valuations: Fair value measured using only Level 1 inputs i.e. unadjusted quoted prices in active markets for identical assets or liabilities at the measurement date
- Level 2 valuations: Fair value measured using Level 2 inputs i.e. observable inputs which fail to meet Level 1, and not using significant unobservable inputs. Unobservable inputs are inputs for which market data are not available
- Level 3 valuations: Fair value measured using significant unobservable inputs

	Fair value at 30 June 2020 \$'000	Fair value measurements as at 30 June 2020 categorised into		
		Level 1 \$'000	Level 2 \$'000	Level 3 \$'000
Recurring fair value measurement				
Investment properties:				
– Industrial - PRC	121,873	–	–	121,873
– Residential - PRC	10,594	–	–	10,594

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

13 INVESTMENT PROPERTIES – CONTINUED

Fair value hierarchy – continued

	Fair value at 30 June 2019 \$'000	Fair value measurements as at 30 June 2019 categorised into		
		Level 1 \$'000	Level 2 \$'000	Level 3 \$'000

Recurring fair value measurement

Investment properties:				
– Industrial - PRC	131,600	–	–	131,600
– Residential - PRC	11,417	–	–	11,417

Information about Level 3 fair value measurements

	Unobservable input - Capitalisation rate		Unobservable input - Reversionary potential monthly rent per square meter	
	Range	Weighted average	Range	Weighted average
Investment properties as at 30 June 2020				
– Industrial - PRC	1.75% to 2.25%	2.14%	RMB80 to RMB84.6	RMB81.7
– Residential - PRC	1.5% to 2.0%	1.90%	RMB76.9 to RMB83.4	RMB81.0

	Unobservable input - Capitalisation rate		Unobservable input - Reversionary potential monthly rent per square meter	
	Range	Weighted average	Range	Weighted average

Investment properties as at 30 June 2019

– Industrial - PRC	1.75% to 2.25%	1.85%	RMB80.0 to RMB84.5	RMB81.7
– Residential - PRC	1.5% to 2.0%	1.64%	RMB80.9 to RMB86.9	RMB84.7

The fair value of investment properties is determined by discounting a projected rental income series associated with the properties using risk-adjusted capitalisation rates. The valuation takes into account the current passing rents and the reversionary potentials and expected occupancy rate of the respective properties. The capitalisation rates used have been adjusted for the quality and location of the buildings and the tenant credit quality. The fair value measurement is positively correlated to the reversionary potential rent and negatively correlated to the risk-adjusted capitalisation rate.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

13 INVESTMENT PROPERTIES – CONTINUED

Information about Level 3 fair value measurements – continued

The movements during the year in the balance of these Level 3 fair value measurements are as follows:

	Investment properties - industrial - PRC \$'000	Investment properties - residential - PRC \$'000	Total \$'000
At 1 July 2018	75,689	11,016	86,705
Transfer from land and buildings to investment properties (note 11(b))	58,734	–	58,734
Fair value adjustment	272	853	1,125
Currency realignment	(3,095)	(452)	(3,547)
At 30 June 2019	131,600	11,417	143,017
At 1 July 2019	131,600	11,417	143,017
Fair value adjustment	(4,914)	(405)	(5,319)
Currency realignment	(4,813)	(418)	(5,231)
At 30 June 2020	121,873	10,594	132,467

Fair value adjustment of investment properties is recognised in the line item “other net income” on the face of the consolidated statement of profit or loss.

The Group leases out investment property under operating leases. The leases typically run for an initial period of 4 to 6 years, with an option to renew the lease after that date at which time all terms are renegotiated. Certain leases include variable lease payment terms that are based on the revenue of tenants.

Undiscounted lease payments under non-cancellable operating leases in place at the reporting date will be receivable by the Group in future periods as follows:

	2020 \$'000	2019 \$'000
Within 1 year	8,581	9,169
After 1 year but within 2 years	8,377	8,906
After 2 year but within 3 years	7,787	8,695
After 3 year but within 4 years	1,239	8,246
After 4 year but within 5 years	–	1,286
	25,984	36,302

Property rental income earned during the year was \$8,123,000 (2019: \$7,019,000). All of the properties held have committed tenants for the next 1 to 4 years.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

14 INTEREST IN A JOINT VENTURE

Details of the Group's interest in a joint venture, which is accounted for using the equity method in the consolidated financial statements, are as follows:

Name of joint venture	Place of incorporation and business	Particulars of issued and paid up capital	Effective percentage of equity interest held	Principal activity
Charming Elastic Fabric Company Limited ("Charming")	Hong Kong	Ordinary - \$4,662,396	49%	Manufacture of elastic garment straps

The Group has entered into a shareholders' agreement (the "Shareholders' Agreement") with New Horizon International Investments Limited ("New Horizon"), a wholly-owned subsidiary of Best Pacific International Holdings Limited, on 4 November 2015. According to the Shareholders' Agreement, the Group shall have the right to dispose of part or all of its interest in Charming to New Horizon from 1 July 2020 to 30 June 2022. The Group has not exercised such right as of the date of this report.

Under the Shareholders' Agreement, the substantive operating and financing decisions related to Charming are under the joint control by the Group and New Horizon when the Group's shareholding in Charming is 20% or above. As a result, the Group continues to account for its interest in Charming as a joint venture both in 2019 and 2020.

Summarised financial information of Charming, adjusted for any differences in accounting policies, and a reconciliation to the carrying amount in the consolidated financial statements, are disclosed below:

	2020 \$'000	2019 \$'000
Gross amounts of Charming's		
Current assets	28,514	26,404
Non-current assets	17,590	20,883
Current liabilities	(4,063)	(7,474)
Equity	(42,041)	(39,813)
Included in the above assets and liabilities:		
Cash and cash equivalents	2,101	3,264
Current financial liabilities (excluding trade and other payables and provisions)	(888)	(725)
Revenue	57,683	73,920
Profit from continuing operations after tax	4,165	6,689
Other comprehensive income	(1,937)	(1,159)
Total comprehensive income	2,228	5,530
Included in the above profit:		
Depreciation and amortisation	2,611	3,107
Interest expense	-	6
Reconciled to the Group's interest in Charming		
Gross amounts of Charming's net assets	42,041	39,813
Group's effective interest	49%	49%
Group's share of Charming's net assets	20,601	19,508
Disproportionate share of undistributed profits (Note)	1,558	1,558
Carrying amount in the consolidated financial statements	22,159	21,066

Note: According to the Shareholders' Agreement, the Group is entitled to 60% of the dividend to be declared for the years ended 30 June 2016 and 2017 irrespective for the change in shareholding as mentioned above.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

15 OTHER FINANCIAL ASSETS

(a) Equity securities designated at FVOCI (non-recycling)

	2020 \$'000	2019 \$'000
Unlisted equity securities	2,838	–

The Group designated the following investments in equity securities at FVOCI (non-recycling) as the investments are held for strategic purposes:

- (i) A company incorporated in the PRC engaged in trading of ladies' underwear in the PRC. The directors of the Company consider the fair value of this investment is \$2,838,000 (2019: \$Nil) as at 30 June 2020.
- (ii) A company incorporated in the Republic of Indonesia engaged in manufacturing of ladies' underwear in Indonesia. The Group invested in such investment of \$5,883,000 during the year ended 30 June 2020. As at 30 June 2020, the directors of the Company consider the fair value of this investment is \$Nil.

(b) Derivative financial instrument

Pursuant to the Shareholders' Agreement mentioned in note 14, the Group is entitled the right to exercise its option ("the Exit Option") to require New Horizon to buy out all or part of the issued shares of Charming held by the Group at any time during the period of two years from 1 July 2020 to 30 June 2022 at a price set out in the Shareholders' Agreement. The Exit Option is recognised as a derivative financial instrument at fair value through profit or loss. The loss on fair value change of such Exit Option of \$612,000 for the year (2019: \$785,000) is recognised in profit or loss.

16 INVENTORIES

(a) Inventories in the consolidated statement of financial position comprise:

	2020 \$'000	2019 \$'000
Raw materials	95,160	57,485
Work in progress	31,349	44,309
Finished goods	53,880	72,305
	180,389	174,099

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

16 INVENTORIES – CONTINUED

(b) The analysis of the amount of inventories recognised as an expense and included in profit or loss is as follows:

	2020 \$'000	2019 \$'000
Carrying amount of inventories sold	1,043,057	1,019,269
Allowance for obsolete inventories	13,254	8,050
	1,056,311	1,027,319

17 TRADE AND OTHER RECEIVABLES

	2020 \$'000	2019 \$'000
Trade receivables at amortised cost, net of loss allowance	78,937	208,369
Trade receivables to be factored at fair value through other comprehensive income (recycling)	33,695	–
Other receivables	30,737	34,704
	143,369	243,073

All of the trade and other receivables are expected to be recovered or recognised as expense within one year.

As part of the Group's cash flow management, the Group has the practice of factoring some of the trade receivables to financial institutions before the trade receivables are due for repayment and derecognises factored trade receivables on the basis that the Group has transferred substantially all risks and rewards to the relevant counterparties.

As at 30 June 2020, the effective interest rates of the factored trade receivables at FVOCI (recycling) ranged from 1.82% to 3.45% per annum. Details of the valuation techniques and key inputs adopted for their fair value measurements are disclosed in note 25(c). As at 30 June 2020, the fair value changes on trade receivables at FVOCI (recycling) are insignificant and accordingly, no fair value changes are recognised in equity as FVOCI reserve.

Ageing analysis

At the end of the reporting period, the ageing analysis of trade receivables, based on the invoice date and net of loss allowance, is as follows:

	2020 \$'000	2019 \$'000
1 – 90 days	80,085	192,189
91 – 180 days	32,547	16,180
	112,632	208,369

Trade receivables are due within 10 days to 90 days from the date of billing. Details on the Group's credit policy are set out in note 25(b)(ii).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

18 BANK BALANCES AND CASH

(a) Bank balances and cash comprise:

Bank balances and cash comprise cash held by the Group and short-term bank deposits with an original maturity of three months or less. The bank balances carry interest at market rates which range from 0.001% to 1.35% (2019: 0.001% to 4%) per annum.

(b) Reconciliation of liabilities arising from financing activities

The table below details changes in the Group's liabilities from financing activities, including both cash and non-cash changes. Liabilities arising from financing activities are liabilities for which cash flows were, or future cash flows will be, classified in the Group's consolidated statement of cash flows as cash flows from financing activities.

	Unsecured bank loans \$'000 (Note 20)	Lease Liabilities \$'000 (Note 21)	Total \$'000
At 30 June 2019	40,375	66	40,441
Impact on initial application of HKFRS 16 (Note)	–	37,230	37,230
At 1 July 2019	40,375	37,296	77,671
Changes from financing cash flows:			
Proceeds from new bank loans	471,631	–	471,631
Repayment of bank loans	(414,564)	–	(414,564)
Interest paid	(1,919)	–	(1,919)
Capital element of lease rentals paid	–	(11,806)	(11,806)
Interest element of lease rentals paid	–	(1,363)	(1,363)
Total changes from financing cash flows	55,148	(13,169)	41,979
Exchange adjustments	–	(208)	(208)
Other changes:			
Interest expenses (note 6(a))	1,919	1,363	3,282
Increase in lease liabilities from entering into new leases during the year	–	10,640	10,640
Total other changes	1,919	12,003	13,922
At 30 June 2020	97,442	35,922	133,364

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

18 BANK BALANCES AND CASH – CONTINUED

(b) Reconciliation of liabilities arising from financing activities – continued

	Unsecured bank loans \$'000 (Note 20)	Lease Liabilities \$'000 (Note 21)	Total \$'000
At 1 July 2018	–	211	211
Changes from financing cash flows:			
Proceeds from new bank loans	40,375	–	40,375
Interest paid	(248)	–	(248)
Capital element of finance lease rentals paid	–	(149)	(149)
Interest element of finance lease rentals paid	–	(3)	(3)
Total changes from financing cash flows	40,127	(152)	39,975
Exchange adjustments			
	–	(9)	(9)
Other changes:			
Interest expense on bank borrowings (note 6(a))	248	–	248
Interest expense on obligations under finance leases (note 6(a))	–	16	16
Total other changes	248	16	264
At 30 June 2019	40,375	66	40,441

Note: The Group has initially applied HKFRS 16 using the modified retrospective approach. Under this approach, the comparative information is not restated. See note 2(a).

(c) Total cash outflow for leases

Amounts included in the consolidated cash flow statement for leases comprise the following:

	2020 \$'000	2019 (Note) \$'000
Within operating cash flows	6,391	20,819
Within financing cash flows	13,169	–
	19,560	20,819

Note: As explained in the note to the consolidated cash flow statement the adoption of HKFRS 16 introduces a change in classification of cash flows of certain rentals paid on leases. The comparative amounts have not been restated.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

19 TRADE PAYABLES AND ACCRUED CHARGES

	2020 \$'000	2019 \$'000
Trade payables	119,760	123,350
Other payables and accrued charges	91,976	92,886
	211,736	216,236

All of the trade payables and accrued charges are expected to be settled within one year or are repayable on demand.

An ageing analysis of trade payables based on the payment due date at the end of the reporting period is as follows:

	2020 \$'000	2019 \$'000
Current	86,780	105,355
1 – 30 days past due	28,342	13,796
31 – 60 days past due	1,118	1,863
Over 60 days past due	3,520	2,336
	119,760	123,350

As the average credit period on purchases of goods is ranged from 30 to 60 days, a majority of the balances which as disclosed above are within 90 days from the invoice date.

Other payables and accrued charges mainly represented accrued freight charges, salaries and other operating expenses. Included in other payables and accrued charges is a provision for social security contributions of \$7,892,000 (2019: \$8,041,000).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

20 UNSECURED BANK LOANS

At 30 June 2020 and 2019, the unsecured bank loans were repayable as follows:

	2020 \$'000	2019 \$'000
Within one year or on demand	97,442	40,375

At 30 June 2020, the Company provided guarantee for bank loans of certain subsidiaries. Such banking facilities amounted to \$110,000,000 (2019: \$110,000,000). The facilities were utilised to the extent of \$97,442,000 (2019: \$40,375,000).

All of the Group's bank loans are subject to the fulfilment of covenants relating to certain of the Group's balance sheet ratios, as are commonly found in lending arrangements with financial institutions. During the year ended 30 June 2020, the Group did not fulfil one of the covenants required in the agreement of which the Group has currently drawn an amount of \$79,984,000. The bank was informed and had neither requested early repayment of the loan nor changed the terms of the banking facilities as of the date when these financial statement were approved by the board of directors. Management is in the process of renegotiating the terms of the loan agreement with the bank. Further details of the Group's management of liquidity risk are set out in note 25(b)(iii).

At 30 June 2020, the Group's effective interest rate per annum was 1.35% (2019: 3.11%).

21 LEASE LIABILITIES

The following table shows the remaining contractual maturities of the Group's lease liabilities at the end of the current and previous reporting periods and at the date of transition to HKFRS 16:

	30 June 2020		1 July 2019 (Note)		30 June 2019 (Note)	
	Present value of the minimum lease payments \$'000	Total minimum lease payments \$'000	Present value of the minimum lease payments \$'000	Total minimum lease payments \$'000	Present value of the minimum lease payments \$'000	Total minimum lease payments \$'000
Within 1 year	14,396	14,609	10,880	11,325	66	71
After 1 year but within 2 years	8,984	9,518	10,248	11,003	–	–
After 2 years but within 5 years	12,542	13,934	14,558	15,924	–	–
After 5 years	–	–	1,610	1,772	–	–
	21,526	23,452	26,416	28,699	–	–
	35,922	38,061	37,296	40,024	66	71
Less: total future interest expenses		(2,139)		(2,728)		(5)
Present value of lease liabilities		35,922		37,296		66

Note: The Group has initially applied HKFRS 16 using the modified retrospective approach and adjusted the opening balances at 1 July 2019 to recognise lease liabilities relating to leases which were previously classified as operating leases under HKAS 17. These liabilities have been aggregated with the brought forward balances relating to leases previously classified as finance leases. Comparative information as at 30 June 2019 has not been restated and relates solely to leases previously classified as finance leases. Further details on the impact of the transition to HKFRS 16 are set out in note 2(a).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

22 EQUITY SETTLED SHARE-BASED TRANSACTIONS

Pursuant to a resolution passed on 3 November 2011 (the "Adoption Date"), a new share option scheme (the "Scheme") of the Company was adopted for the primary purpose of providing incentives or rewards to the directors, employees or any other persons at the discretion of the board of directors, and the Scheme will end on 2 November 2021. Under the Scheme, the Board may grant options to eligible employees, including directors, executives or officers of the Company and its subsidiaries and any other persons at the discretion of the board of directors to subscribe for shares in the Company.

The total number of shares in respect of which options may be granted under the Scheme is not permitted to exceed 10% of the shares of the Company in issue on the Adoption Date, being 107,518,812 shares. Following the share consolidation (on the basis of every five issued and unissued shares of \$0.10 each consolidated into one share of \$0.50 each in the capital of the Company) which became effective on 23 May 2014, the total number of shares which may be issued on exercise of the options which may be granted under the Scheme shall not exceed 21,503,762 shares. The number of shares in respect of which options may be granted to any individual in any 12-month period is not permitted to exceed 1% of the shares of the Company in issue at any point in time, without prior approval from the Company's shareholders. Options granted to substantial shareholders or independent non-executive directors in any 12-month period in excess of 0.1% of the Company's issued share capital and with a value in excess of \$5 million on the date of offer must be approved in advance by the Company's independent shareholders.

Options granted must be taken up within 14 days of the date of offer, upon payment of \$1 per grant. Options may generally be exercised at any time from the second anniversary of the date of acceptance to the tenth anniversary of the date of acceptance or may at the Board's discretion determine the specific exercise period. The exercise price is determined by the Board, and will not be less than the highest of the closing price of the Company's shares on the date of offer and the average closing price of the shares for the five business days immediately preceding the date of offer and the nominal value of the Company's shares.

The Company has a share option scheme which was adopted on 3 November 2011 whereby the directors of the Company are authorised, at their discretion, to invite employees of the Group, including directors of any company in the Group, to take up options at nil consideration to subscribe for shares of the Company. The options vest after three years from the date of grant and are then exercisable within a period of two years. Each option gives the holder the right to subscribe for one ordinary share in the Company and is settled gross in shares.

On 30 September 2019, 5,920,000 share options were granted for \$1 consideration to directors and employees of the Company under the Company's share option scheme. Each option gives the holder the right to subscribe for one ordinary share of the Company. These share options will vest on 30 September 2022, and then be exercisable until 2024. The exercise price is \$1.172, being the average closing price for the five business days immediately preceding the date of grant.

(a) The terms and conditions of the grants are as follows:

	Number of instruments	Vesting conditions	Contractual life of options
Options granted to directors:			
– on 30 September 2019	400,000	Three years from the date of grant	5 years
Options granted to employees:			
– on 30 September 2019	5,520,000	Three years from the date of grant	5 years
Total share options granted	5,920,000		

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

22 EQUITY SETTLED SHARE-BASED TRANSACTIONS – CONTINUED

(b) The number and weighted average exercise prices of share options are as follows:

	Weighted average exercise price	Number of options '000
Outstanding at 1 July 2018, 30 June 2019 and 1 July 2019	–	–
Granted during the year	\$1.172	5,920,000
Outstanding at 30 June 2020	\$1.172	5,920,000
Exercisable at 30 June 2020	–	–

The options outstanding at 30 June 2020 had an exercise price of \$1.172 and a weighted average remaining contractual life of 5 years.

(c) Fair value of share options and assumptions

The fair value of services received in return for share options granted is measured by reference to the fair value of share options granted. The estimate of the fair value of the share options granted is measured based on a Black-Scholes Option Pricing model. The contractual life of the share option is used as an input into this model. Expectations of early exercise are incorporated into the Black-Scholes Option Pricing.

	Options granted on 30 September 2019

Fair value of share options and assumptions

Fair value at measurement date	\$0.19
Share price	\$1.15
Exercise price	\$1.172
Expected volatility (expressed as weighted average volatility used in the modelling under Black-Scholes Option Pricing model)	34.46%
Option life (expressed as weighted average life used in the modelling under Black-Scholes Option Pricing model)	5 years
Expected dividends	5.76%
Risk-free interest rate (based on Hong Kong Government 10-year Bond)	1.62%

The expected volatility is based on the historic volatility (calculated based on the weighted average remaining life of the share options), adjusted for any expected changes to future volatility based on publicly available information. Expected dividends are based on historical dividends. Changes in the subjective input assumptions could materially affect the fair value estimate.

Share options were granted under a service condition. This condition has not been taken into account in the grant date fair value measurement of the services received. There were no market conditions associated with the share option grants.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

23 RETIREMENT BENEFIT OBLIGATIONS

	2020 \$'000	2019 \$'000
At the beginning of the year	1,954	832
Provision recognised in profit or loss	1,156	1,122
At the end of the year	3,110	1,954

A provision has been made by the Company based on the best estimate of the long service payments that are required to be made to employees in respect of their service to date, less any amounts that would be expected to be met out of the Company's contributions to its defined contribution retirement scheme and mandatory provident fund.

(a) Provision for long service payments

Under the Hong Kong Employment Ordinance and Thailand Labour Protection Act, the Group is required to make long service payments to its employees in Hong Kong and Thailand upon the termination of their employment or retirement when the employees fulfill certain conditions and the termination meets the required circumstances. However, where an employee is simultaneously entitled to a long service payment and to a retirement scheme payment (e.g. from the Mandatory Provident Fund Scheme (the "MPF Scheme")) in Hong Kong, the amount of the long service payment will be reduced by the benefits arising from the retirement scheme including investment return/(loss) accumulated in the scheme.

(b) Defined contribution schemes

The Group has joined the MPF Scheme for all employees in Hong Kong who have registered with the Mandatory Provident Fund Scheme Authority under the Mandatory Provident Fund Schemes Ordinance. The assets of the MPF Scheme are held separately from those of the Group in funds under the control of an independent trustee. Under the rules of the MPF Scheme, the employer and its employees are each required to make contributions to the scheme at rates specified in the rules. The only obligation of the Group in respect of the MPF Scheme is to make the required contributions under the MPF Scheme. No forfeited contributions are available to reduce the contributions payable in the future years.

The eligible employees of the Company's subsidiaries in the PRC are members of pension schemes operated by the PRC local governments. The subsidiaries are required to contribute a certain percentage of the relevant part of the payroll of these employees to the pension schemes to fund the benefits. The assets of the schemes are held separately from those of the Group in funds under the control of the Chinese local government.

The Group registers its employees in Thailand with Workmen's Compensation Fund and Social Security Fund as required by laws in Thailand. The Group is required to make annual contributions to the Workmen's Compensation Fund and monthly contributions to the Social Security Fund, and the only obligation of the Group with respect to these funds is to make the required contributions.

The total cost charged to consolidated statement of profit or loss of \$29,309,000 (2019: \$32,966,000) represents contributions payable to these schemes by the Group in respect of the current year.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

24 DEFERRED TAXATION

The following is the analysis of the deferred tax balances for financial reporting purposes:

	2020 \$'000	2019 \$'000
Net deferred tax asset recognised in the consolidated statement of financial position	986	–
Net deferred tax liability recognised in the consolidated statement of financial position	(32,485)	(37,165)
	(31,499)	(37,165)

The following are the major deferred tax (assets)/liabilities recognised and movements thereon during the current and prior years:

	Depreciation in excess of the related depreciation allowance \$'000	Revaluation of properties \$'000	Unrealised loss on inventories \$'000	Tax loss \$'000	Total \$'000
At 1 July 2018	399	21,352	846	(1,180)	21,417
(Credited)/charged to profit or loss	(399)	280	1,197	1,180	2,258
Currency realignment	–	(886)	–	–	(886)
Charged to other comprehensive income	–	14,376	–	–	14,376
At 30 June 2019 and 1 July 2019	–	35,122	2,043	–	37,165
Credited to profit or loss	–	(1,330)	(3,029)	–	(4,359)
Currency realignment	–	(1,307)	–	–	(1,307)
At 30 June 2020	–	32,485	(986)	–	31,499

At the end of the reporting period, the Group has unused tax losses of \$182,597,000 (2019: \$137,903,000) available for offset against future profits which no deferred tax asset has been recognised due to the unpredictability of future profit streams. During the year, tax losses of \$8,259,000 (2019: \$10,450,000) expired and were no longer available to offset against future profits. Included in unrecognised tax losses of the Group are losses of \$21,692,000 (2019: \$44,763,000), \$22,505,000 (2019: \$222,000) and \$2,939,000 (2019: \$3,985,000) attributable to subsidiaries in the PRC, Thailand and Cambodia respectively, that will gradually expire up to 2025. The unrecognised tax losses relating to subsidiaries in Hong Kong were \$135,460,000 (2019: \$88,933,000) and do not expire under current tax legislation.

At the end of the reporting period, the aggregate amount of temporary differences associated with undistributed earnings of subsidiaries for which deferred tax liabilities have not been recognised was \$24,950,000 (2019: \$23,178,000). No liabilities have been recognised in respect of these differences because the Group is in a position to control the timing of reversal of the temporary differences and it is probable that such differences will not reverse in the foreseeable future.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

25 FINANCIAL INSTRUMENTS

(a) Categories of financial instruments

	2020 \$'000	2019 \$'000
Financial assets		
Derivative financial instrument – Fair value through profit or loss	1,403	2,015
Trade receivables and other receivables	128,018	225,566
Bank balances and cash	122,903	95,269
	252,324	322,850
Financial liabilities		
Trade payables and accrued charges	224,428	216,236
Lease liabilities	35,922	–
Unsecured bank loans	97,442	40,375
	357,792	256,611

(b) Financial risk management objectives and policies

The Group's major financial instruments include derivative financial instrument, other financial assets, trade receivables at amortised cost, trade receivables at FVOCI (recycling), other receivables, lease liabilities, trade payables, other payables, bank balances and cash. Details of these financial instruments are disclosed in respective notes. The risks associated with these financial instruments include market risk (currency risk and interest rate risk), credit risk and liquidity risk. The policies on how to mitigate these risks are set out below. The management manages and monitors these exposures to ensure appropriate measures are implemented on a timely and effective manner.

(i) Market risk

There has been no significant change to the Group's exposure to market risk or the manner in which it manages and measures the risk.

(1) Currency risk

Several subsidiaries of the Company have foreign currency sales and purchases, which expose the Group to foreign currency risk. Approximately 12% (2019: 12%) of the Group's sales are denominated in currencies other than the functional currency of the group entity making the sale, while almost 49% (2019: 76%) of purchase costs are not denominated in the group entity's functional currency. The Group does not have a foreign currency hedging policy. However, management monitors the foreign exchange exposure and will consider hedging significant foreign currency exposure should the need arise.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

25 FINANCIAL INSTRUMENTS – CONTINUED

(b) Financial risk management objectives and policies – continued

(i) Market risk – continued

(1) Currency risk – continued

The carrying amounts of the Group's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

	Assets		Liabilities	
	2020 \$'000	2019 \$'000	2020 \$'000	2019 \$'000
Euro ("EUR")	432	–	3	–
Renminbi ("RMB")	26,733	33,047	24,187	7,963
USD	37,023	16,172	8,291	–
HK\$	5,203	2,387	51,178	74,233

The above assets and liabilities include trade receivables at amortised cost, trade receivables at FVOCI (recycling), other receivables, trade payables, other payables, bank balances and cash denominated in EUR, RMB, USD and HK\$. In addition, the Group is exposed to currency risk arising from inter-company receivables and payables denominated in Thai Baht ("THB") which is not the functional currency of the borrower entity to which they related. The net inter-company payables amounted to \$55,341,000 (2019: \$13,874,000) as at 30 June 2020.

Sensitivity analysis

The Group is mainly exposed to fluctuations in exchange rates of EUR, RMB, USD and HK\$. For fluctuations of USD against HK\$, there will be no significant impact as HK\$ is pegged with USD.

The following table details the Group's sensitivity to a 5% (2019: 5%) increase and decrease in functional currency against the relevant foreign currencies. 5% (2019: 5%) is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in the foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the end of the reporting period for a 5% (2019: 5%) change in foreign currency rates. The sensitivity analysis includes external receivables and payables and also current accounts with the group entities where the denomination of the current accounts is in a currency other than the functional currency of the relevant group entities. A positive number below indicates an increase in post-tax profit or a decrease in post-tax loss for the year where functional currencies of relevant group entities strengthens 5% (2019: 5%) against the relevant foreign currencies. For a 5% (2019: 5%) weakening of functional currencies against the relevant foreign currencies, there would be an equal and opposite impact on the loss (2019: loss) for the year.

	2020 Change in post-tax loss and retained profits \$'000	2019 Change in post-tax loss and retained profits \$'000
EUR	18	–
RMB	(718)	(6,417)
THB	3,024	(579)

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

25 FINANCIAL INSTRUMENTS – CONTINUED

(b) Financial risk management objectives and policies – continued

(i) Market risk – continued

(2) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's interest rate risk arises primarily from unsecured bank loans. Unsecured bank loans issued at variable rates expose the Group to cash flow interest rate risk. The Group monitors the level of its variable rate borrowings and manages the contractual terms of the interest-bearing financial assets and liabilities. For this purpose the Group defines "net borrowings" as being interest-bearing financial liabilities less interest-bearing investments (excluding cash held for short-term working capital purposes). The Group's interest rate profile as monitored by management is set out in below.

Interest rate profile

The following table details the interest rate profile of the Group's net borrowings (as defined above) at the end of the reporting period.

	Note	2020		2019	
		Effective interest rate %	Amount \$'000	Effective interest rate %	Amount \$'000
Variable rate borrowings:					
Unsecured bank loans	20	1.35	97,442	3.11	40,375

Sensitivity analysis

At 30 June 2020 it is estimated that a general increase/decrease of 100 basis points in interest rates, with all other variables held constant, would have increased/decreased the Group's loss after taxation and decreased/increased retained profits by approximately \$974,000 (2019: \$404,000). Other components of consolidated equity would not be affected in response to a general increase/decrease in interest rates.

The sensitivity analysis above indicates the instantaneous change in the Group's loss after taxation (and retained profits) and other components of consolidated equity that would arise assuming that the change in interest rates had occurred at the end of the reporting period and had been applied to re-measure those financial instruments held by the Group which expose the Group to fair value interest rate risk at the end of the reporting period. In respect of the exposure to cash flow interest rate risk arising from floating rate non-derivative instruments held by the Group at the end of the reporting period, the impact on the Group's loss after taxation (and retained profits) and other components of consolidated equity is estimated as an annualised impact on interest expense or income of such a change in interest rates.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

25 FINANCIAL INSTRUMENTS – CONTINUED

(b) Financial risk management objectives and policies – continued

(ii) Credit risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in a financial loss to the Group. As at 30 June 2020 and 2019, the Group's maximum exposure to credit risk which will cause a financial loss to the Group due to failure to discharge an obligation by the counterparties is arising from the carrying amount of the respective recognised financial assets as stated in the consolidated statement of financial position.

In respect of trade receivables, the management of the Group has delegated a team responsible for determination of credit limits, credit approvals and other monitoring procedures to ensure that follow-up action is taken to recover overdue debts. Therefore, the directors of the Company consider that the Group's credit risk is minimised and ECL allowance is considered insignificant.

The bank balances and cash are concentrated on certain counterparties and the credit risk on liquid funds is limited because the counterparties are banks with sound credit ratings.

Trade receivables

The Group's exposure to credit risk is influenced mainly by the market demand in the intimate apparel industry and economic conditions in the USA and Europe. At the end of the reporting period, the Group had a certain concentration risk as approximately 76% (2019: 94%) of trade receivables was due from the top five major customers.

The Group measures loss allowances for trade receivables at an amount equal to lifetime ECLs. As the Group's historical credit loss experience indicates different loss patterns for different customer segments, the loss allowance is further distinguished between the Group's different customer bases. Specific loss allowance of \$3,140,000 (2019: \$Nil) is recognised as at 30 June 2020 for a customer with financial difficulties. The credit risk for trade receivables of the remaining customers is limited after considering actual loss experience over the past years, economic conditions during the period over which the historic data has been collected, current conditions and the Group's view of economic conditions over the expected lives of the receivables.

Movement in the loss allowance account in respect of trade receivables during the year is as follows:

	\$'000
Balance at 1 July 2018, 30 June 2019, and 1 July 2019	–
Impairment losses recognised during the year	3,140
Balance at 30 June 2020	3,140

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

25 FINANCIAL INSTRUMENTS – CONTINUED

(b) Financial risk management objectives and policies – continued

(iii) Liquidity risk

In the management of the liquidity risk, the Group monitors and maintains a level of cash and cash equivalents deemed adequate by the management to finance the Group's operations and mitigate the effects of fluctuations in cash flows.

The following table details the Group's remaining contractual maturity for its non-derivative financial liabilities. The table has been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Group can be required to pay. At 30 June 2020, the Group had undrawn bank borrowing facilities of \$12,558,000 (2019: \$69,625,000).

Liquidity tables

	Within 1 year \$'000	After 1 year but within 2 years \$'000	After 2 year but within 5 years \$'000	After 5 years \$'000	Total undiscounted cash flows \$'000	Carrying amount at 30 June \$'000
2020						
Non-derivative financial liabilities						
Trade payables and accrued charges	181,165	12,692	-	8,191	202,048	202,048
Lease liabilities (Note)	14,609	9,518	13,934	-	38,061	35,922
Unsecured bank loans	97,442	-	-	-	97,442	97,442
	293,216	22,210	13,934	8,191	337,551	335,412
2019						
Non-derivative financial liabilities						
Trade payables and accrued charges	194,653	11,591	-	4,834	211,078	211,078
Unsecured bank loans	40,375	-	-	-	40,375	40,375
	235,028	11,591	-	4,834	251,453	251,453

Note: The Group has initially applied HKFRS 16 using the modified retrospective approach and adjusted the opening balances at 1 July 2019 to recognise lease liabilities relating to leases which were previously classified as operating leases under HKAS 17. Lease liabilities include amounts recognised at the date of transition to HKFRS 16 in respect of leases previously classified as operating leases under HKAS 17 and amounts relating to new leases entered into during the year. Under this approach, the comparative information is not restated. See note 2(a).

(c) Fair value

(i) Financial assets measured at fair value

Fair value hierarchy

The fair value of the Group's financial instruments measured at the end of the reporting period on a recurring basis, categorised into the three-level fair value hierarchy as defined in HKFRS 13, *Fair value measurement*. The level into which a fair value measurement is classified is determined with reference to the observability and significance of the inputs used in the valuation technique as follows:

- Level 1 valuations: Fair value measured using only Level 1 inputs i.e. unadjusted quoted prices in active markets for identical assets or liabilities at the measurement date
- Level 2 valuations: Fair value measured using Level 2 inputs i.e. observable inputs which fail to meet Level 1, and not using significant unobservable inputs. Unobservable inputs are inputs for which market data are not available

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

25 FINANCIAL INSTRUMENTS – CONTINUED

(c) Fair value – continued

(i) Financial assets measured at fair value – continued

Information about Level 2 fair value measurements

	Fair value as at 30 June		Valuation technique and significant inputs
	2020 \$'000	2019 \$'000	
Trade receivables at FVOCI (recycling)	33,695	Nil	Risk-adjusted discount rates of ranged from 1.82% to 3.45% per annum quoted by the banks

– Level 3 valuations: Fair value measured using significant unobservable inputs

Information about Level 3 fair value measurements

	Valuation techniques	Significant unobservable inputs	Weighted average
Unlisted equity securities	Market – comparable approach	Discount for lack of marketability	30% (2019: Nil)
Derivative financial instrument	Monte Carlo model	Discount for lack of marketability Weighted average cost of capital (“WACC”) Expected volatility	21% (2019: 25%) 16.8% (2019: 17.2%) 30.81% (2019: 29.64%)

The fair value of unlisted equity investments is determined using: (i) the net assets value adjusted for lack of marketability discount; (ii) the price/earnings and enterprise value/earnings before interest, taxes, depreciation and amortisation (“EBITDA”) ratios of comparable listed companies adjusted for lack of marketability discount. The fair value is negatively correlated to the discount for lack of marketability.

The fair value of the derivative financial instrument is determined in the following two-step process: (1) the enterprise value of Charming is firstly determined using the discounted cash flows model adjusted for lack of marketability discount and weighted average cost of capital; then, (2) the fair value of the Exit Option is estimated using the Monte Carlo simulation based on the enterprise value determined in (1) and adjusted for expected volatility, which in turn is estimated based on daily stock prices of comparable companies within the industry. The fair value measurement of the derivative financial instrument as a whole is negatively correlated with the WACC, while the fair value of the derivative financial instrument is positively correlated with the discount for lack of marketability and the expected volatility inputs.

25 FINANCIAL INSTRUMENTS – CONTINUED

(c) Fair value – continued

(i) Financial assets measured at fair value – continued

Information about Level 3 fair value measurements – continued

It is estimated that with all other variables held constant, a decrease/increase in:

	2020		2019	
	Increase/ (decrease) in unobservable inputs %	Effect on loss after taxation and total comprehensive income \$	Increase/ (decrease) in unobservable inputs %	Effect on loss after taxation and total comprehensive income \$
Discount for lack of marketability	5	(327,000)	5	(358,000)
	(5)	335,000	(5)	455,000
Weighted average cost of capital	3	(344,000)	3	(615,000)
	(3)	526,000	(3)	774,000
Expected volatility	10	(275,000)	10	(370,000)
	(10)	301,000	(10)	444,000

The movements during the period in the balance of these Level 3 fair value measurements are as follows:

	Unlisted equity securities \$'000	Derivative financial instrument \$'000
At 1 July 2018	–	2,800
Changes in fair value recognised in profit or loss during the year	–	(785)
At 30 June 2019	–	2,015
At 1 July 2019	–	2,015
Payment for acquisition	8,721	–
Changes in fair value recognised in profit or loss during the year	–	(612)
Changes in fair value recognised in other comprehensive income during the year	(5,883)	–
At 30 June 2020	2,838	1,403

(ii) Fair value of financial assets and liabilities carried at other than fair value

The carrying amounts of the Group's financial instruments carried at cost or amortised cost are not materially different from their fair values as at 30 June 2020 and 30 June 2019.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

26 SHARE CAPITAL AND RESERVES

Authorised and issued share capital

	2020		2019	
	No. of shares	Amount \$'000	No. of shares	Amount \$'000
Ordinary shares of \$0.50 (2019: \$0.50) each				
<i>Authorised:</i>				
At beginning of the year and the end of the year	300,000,000	150,000	300,000,000	150,000
<i>Issued and fully paid:</i>				
At beginning of the year and the end of the year	215,037,625	107,519	215,037,625	107,519

The holders of ordinary shares are entitled to receive dividends as declared from time to time and are entitled to one vote per share at meetings of the Company. All ordinary shares rank equally with regard to the Company's residual assets.

27 OPERATING LEASE COMMITMENTS

At 30 June 2019, the total future minimum lease payments under non-cancellable operating leases in respect of land and buildings, were payable as follows:

	2019 \$'000
Within one year	18,913
In the second to fifth year inclusive	29,089
Over five years	1,672
	49,674

The Group is the lessee in respect of a number of properties and items of office equipment held under leases which were previously classified as operating leases under HKAS 17. The Group has initially applied HKFRS 16 using the modified retrospective approach. Under this approach, the Group adjusted the opening balances at 1 July 2019 to recognise lease liabilities relating to these leases (see note 2(a)). From 1 July 2019 onwards, future lease payments are recognised as lease liabilities in the statement of financial position in accordance with the policies set out in note 2(g), and the details regarding the Group's future lease payments are disclosed in note 21.

28 CAPITAL COMMITMENTS

Capital commitments outstanding at 30 June 2020 not provided for in the financial statements were as follows:

	2020 \$'000	2019 \$'000
Contracted for	1,247	151

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars unless otherwise indicated)

29 RELATED PARTY TRANSACTIONS/BALANCES

In addition to the transactions and balances disclosed elsewhere in these financial statements, the Group has entered into the following material related party transactions:

(a) Transactions with related companies

	2020 \$'000	2019 \$'000
Sales of goods to a related party	77,594	102,807

During the year, the Group processed supplied materials and delivered the finished products to a related company, Van de Velde N.V. ("VdV") for revenue of approximately \$77,594,000 (2019: \$102,807,000).

Mr. Herman Van de Velde, a non-executive director of the Company, has a beneficial interest in VdV, which held an interest of 25.66% (2019: 25.66%) in the Company as at 30 June 2020.

As at 30 June 2020, the balance of trade receivables from VdV amounted to \$1,951,000 (2019: \$3,493,000) which are aged less than 30 days.

The above related party transactions constitute continuing connected transactions as defined in Chapter 14A of the Listing Rules. The disclosures required by Chapter 14A of the Listing Rules are provided in the Directors' Report.

(b) Compensation of key management personnel

The remuneration of directors and other members of key management during the year is as follows:

	2020 \$'000	2019 \$'000
Salaries and other benefits	21,348	20,505
Retirement benefits scheme contributions	144	126
Share-based payments	380	–
	21,872	20,631

The remuneration of directors and key management is determined by the Group's compensation committee having regard to the performance of individuals and market trends.

30 CAPITAL RISK MANAGEMENT

The Group manages its capital to ensure that entities in the Group will be able to continue as a going concern while maximising the return to shareholders through the optimisation of the debt and equity balance. The Group's overall strategy remains unchanged from the prior year.

The capital structure of the Group consists of equity attributable to equity shareholders of the Company, comprising issued share capital, reserves and retained profits.

The directors of the Company review the capital structure on a quarterly basis. As part of this review, the directors consider the cost of capital and the risks associated with each class of capital. Based on recommendations of the directors, the Group will balance its overall capital structure through the payment of dividends, new share issues and share buy-backs as well as the issue of debt.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

* Directly held by the Company

These subsidiaries are registered as wholly foreign owned enterprises in the PRC.

^ This subsidiary is registered as a sino-foreign equity joint venture in the PRC.

Note: Except for those subsidiaries with the place of operation mentioned in principal activities, the place of operation is the same as the place of incorporation/registration.

The above table lists the subsidiaries of the Group which, in the opinion of the directors, principally affected the Group's assets or results. To give details of other subsidiaries would, in the opinion of the directors, result in particulars of excessive length.

Shenzhen Top Form Underwear Co., Limited 深圳黛麗斯內衣有限公司 ("SZTF") is a joint venture company established in the PRC and was originally held for a period of twelve years from 28 February 1987. The Group entered into extension agreements with the joint venture partner on 18 September 1998, 12 November 2008, 27 June 2011, 6 February 2015 and 28 February 2017 to extend the joint venture period for future years to 28 February 2009, 28 February 2012, 28 February 2015, 28 February 2017 and 28 February 2022 respectively. Pursuant to the joint venture agreement and the revised joint venture agreement under which the joint venture was established, the Group contributed 70% of the registered capital of SZTF. However, under another agreement entered into between the Group and the joint venture partner, the Group is entitled to 100% of this joint venture company's profit after deducting a fixed annual amount attributable to assets contributed by the joint venture partner. The Group is entitled to receive its attributable share of the net assets upon liquidation of the joint venture, and so this joint venture is being accounted for as a subsidiary of the Group.

As at 30 June 2020, for Top Form Brassiere Mfg. Co., Limited and Unique Form Manufacturing Company Limited, the deferred shares carry no right to dividend or to receive notice of or to attend or vote at any general meeting of the respective companies. On winding-up, the holders of the deferred shares are entitled to one half of the remaining assets of the respective companies after the first \$100 trillion has been distributed equally amongst the holders of the ordinary shares.

None of the subsidiaries had any debt securities subsisting as at 30 June 2020 or at any time during the year.

32 COMPARATIVE FIGURES

The Group has initially applied HKFRS 16 at 1 July 2019 using the modified retrospective approach. Under this approach, comparative information is not restated. Further details of the changes in accounting policies are disclosed in note 2(a).

33 COMPANY-LEVEL STATEMENT OF FINANCIAL POSITION – CONTINUED

(b) Equity movement of the Company

The reconciliation between the opening and closing balances of each component of the Group's consolidated equity is set out in the consolidated statement of changes in equity. Details of the changes in the Company's individual components of equity between the beginning and the end of the year are set out below:

	Share capital \$'000	Share premium \$'000	Capital redemption reserve \$'000	Contributed surplus \$'000	Retained profits \$'000	Total \$'000
At 1 July 2018	107,519	1,499	233	124,802	125,391	359,444
Loss and total comprehensive income for the year	–	–	–	–	(731)	(731)
Final dividends declared in respect of the previous year (note 9)	–	–	–	–	(10,752)	(10,752)
At 30 June 2019 and 1 July 2019	107,519	1,499	233	124,802	113,908	347,961
Loss and total comprehensive income for the year	–	–	–	–	(1,594)	(1,594)
At 30 June 2020	107,519	1,499	233	124,802	112,314	346,367

(c) Distributability of reserves

At 30 June 2020, the aggregate amount of reserves available for distribution to equity shareholders of the Company was \$237,116,000 (2019: \$238,710,000).

34 POSSIBLE IMPACT OF AMENDMENTS, NEW STANDARDS AND INTERPRETATIONS ISSUED BUT NOT YET EFFECTIVE FOR THE YEAR ENDED 30 JUNE 2020

Up to the date of issue of these financial statements, the HKICPA has issued a number of amendments and a new standard, HKFRS 17, *Insurance contracts*, which are not yet effective for the year ended 30 June 2020 and which have not been adopted in these financial statements. These developments include the following which may be relevant to the Group.

	Effective for accounting periods beginning on or after
Amendments to HKFRS 3, <i>Definition of a business</i>	1 January 2020
Amendments to HKAS 1 and HKAS 8, <i>Definition of material</i>	1 January 2020

The Group is in the process of making an assessment of what the impact of these developments is expected to be in the period of initial application. So far it has concluded that the adoption of them is unlikely to have a significant impact on the consolidated financial statements.

SUMMARY OF GROUP PROPERTIES

INVESTMENT PROPERTIES

Note to the five year summary:

As a result of the adoption of HKFRS 16, *Leases*, with effect from 1 July 2019, the Group has changed its accounting policies in respect of the lessee accounting model. In accordance with the transitional provisions of the standard, the changes in accounting policies were adopted by way of opening balance adjustments to recognise right-of-use assets and lease liabilities as at 1 July 2019. After initial recognition of these assets and liabilities, the Group as a lessee is required to recognise interest expense accrued on the outstanding balance of the lease liability, and the depreciation of the right-of-use asset, instead of the previous policy of recognising rental expenses incurred under operating leases on a straight-line basis over the lease term. Figures in years earlier than 2019 are stated in accordance with the policies applicable in those years.
